

JOHNSON LANDSLIDE IN HOME STATE; WOOD LEADING IN INDIANA

HOOPER BURIED UNDER TWO TO
ONE VOTE IN CALI-
FORNIAN PRIMARIES
YESTERDAY

JOHNSON IS GAINING

Johnson's Victory Places Him in Sec-
ond Place in Number of In-
structed Delegates—No
Majority in Indiana
Election

(By Dan L. Beebe)
By United Press Leased Wire
San Francisco, Cal.—California
wants Senator Hiram Johnson for
president.

Incomplete but indicative returns
from every county in the state from
yesterday's primary election gave
Johnson a handsome majority over
Herbert Hoover.

Returns from 5,056 out of 5,729 pre-
cincts gave Johnson a lead of 136,945.
The vote was:
Johnson 295,335; Hoover 156,890 in
these precincts.

Voters did not scratch ballots and
Johnson will have at the Chicago con-
vention, Calif. ● 26 delegates com-
plete.

Johnson carried the northern cities
by overwhelming leads, piling up some
majorities of two, three and even four
to one.

Hoover Wins In South
Hoover apparently carried Los An-
geles, Kings and Ventura counties by
small majorities.

A statement from Johnson head-
quarters today declares that Johnson's
victory "is the greatest triumph in
California politics."

"Hoover's opposition has served the
one useful purpose of demonstrating
to the country how thoroughly Hiram
Johnson's achievements are appreciated
by his own people," the statement
said.

His endorsement comes from every
interest.

Wood's Lead Decreasing
Indianapolis—General Wood's lead
over Hiram Johnson in the Indiana
primaries yesterday decreased today
with additional returns.

Returns from 2,126 precincts of
the state's 3,337, gave Wood 55,950;
Johnson 50,494; Lowden 24,621;
Harding 13,361.

There was no democratic vote for
presidential preference.

Wood's organization was confident
of victory on complete returns, but
Johnson forces refused to concede
they had lost.

"It looks to me that the vote will
be very close," Johnson's state man-
ager, Zell Swain, said today.

"Johnson stands a good show of
beating Wood yet. In any event, I
think it will be very close."

May Change Result
Many of the precincts not reported
as yet were considered Johnson
strongholds. They included many in-
dustrial cities, like Gary, were
expected to throw their support to
the California senator.

Gary, the steel city, with its large
foreign and labor element, gave John-
son a two to one plurality.

Since a majority of all candidates
for the state delegation to the republi-
can convention is necessary to bind
the delegation to any one candidate,
it was believed Indiana's representa-
tives at Chicago will be uninstructed.
There remained a possibility that the
state convention will order them to
vote for one man.

Indiana has thirty delegates.

Politicians Happy
(By Harold D. Jacobs)

New York—As Missouri's republi-
cans went into session today to
choose 36 delegates to a state con-
vention, certain politicians were con-
gratulating themselves on their suc-
cess in forecasting the result of
yesterday's primaries in Indiana and
California.

Incomplete returns showed today
Senator Hiram Johnson apparently a
sure winner over Herbert Hoover in
California. Major General Leonard
Wood was leading Johnson in In-
diana while Governor Frank O. Low-
den was third and Senator Warren
G. Harding fourth.

Johnson Gaining
Acquisition of California's 26 dele-
gates would elevate Johnson to sec-
ond position in the scramble for in-
structed delegations.

Eliminating Indiana's 30 delegates,
which are almost certain to be di-
vided, the standing of the republican
candidates to date as regards in-
structed delegates would be:
Wood, 120; Johnson, 96; Lowden,
73; Harding, 30; Senator Miles Poin-
dexter, 14.

Result of the California vote was
in line with the claims of the John-
son organization.

Hoover Not Discouraged

Although Hoover's defeat in his
home state appears on the surface
to be a severe blow to his chances for
the nomination, it has not seriously
disarranged the program of his or-
ganization. The former food admin-
istrator's personal instructions to his
friends has been to ignore the pri-
maries and work on delegates al-
ready selected to win their second
choice support.

The Indiana primary worked out as
predicted by political observers. John-
son's strength lay in the industrial

MOTHER CHARGES BOY CAST BABE IN BONFIRE

By United Press Leased Wire
Milwaukee—District Attorney Zab-
bel today started an investigation in-
to charges of Mrs. Josephine La Por-
ta that her three-year-old child,
which was burned to death a year
ago, had been thrust into a bonfire
by a neighbor boy of seven years.
The woman claims she went to a
lawyer and was advised to wait un-
til the boy was old enough to be
prosecuted.

SHORTAGE OF CARS IS KEEPING MUCH GRAIN OFF MARKET

PRICES OF FOOD WILL REMAIN
UP UNTIL CARS ARE SE-
CURED, GRAIN DEAL-
ERS SAY

By United Press Leased Wire
Washington, D. C.—Vast stores of
wheat and other grains are being kept
on the market by a box car shortage
amounting to 70 per cent in some lo-
calities, representatives of middle west
grain dealers and farmers associations
told the house interstate commerce
committee today.

Prices of foodstuffs will remain high
until cars are obtained to move these
stocks, it was testified. All the stocks
are last year's crops and the delay is
serious hindrance to the farmers,
grain dealers and the bankers. The
representatives asked that congress
authorize additional loans to the rail-
roads to provide more cars for next
year.

G. F. Esce, of the Minneapolis cham-
ber of commerce, declared that the
appropriation in the Esch-Cummins
bill would provide less than 100,000
more cars whereas three or four
times that number is needed.

"Conditions will be worse next year
unless the situation is relieved," he
said.

"At the Kansas City elevators alone,
11,000,000 bushels of wheat are held
up. It would require 70 days to move
this with a complete diversion of all
the equipment available. It is esti-
mated that \$147,000,000 is tied up in
the Kansas City territory because of
the shortage."

R. E. Lawrence, secretary of the
Farmers' Cooperative Grain Dealers'
Association of Kansas, declared that
at one Kansas point, 400,000 bushels
of grain are stored and only five cars
a month are being received to move
it.

Bluebeard Locates
SLAIN WIFE'S GRAVE

By United Press Leased Wire
El Centro, Cal.—Charles N. Har-
vey, confessed husband of 25 wives,
today faced a charge of murder in con-
nection with the death of Nine Lee
Deloney, one of his alleged murder-
esses.

A coroner's jury charged Harvey
with the murder of the Deloney woman
last night after Harvey had been
conducting a searching party to her grave
near here. Authorities previously had
been unable to locate the grave.

The body was found after searchers
had dug out two or three shovels full
of dirt.

Johnson Battles For
MICHIGAN DELEGATES

By United Press Leased Wire
Kalamazoo, Mich.—The fight for
control of Michigan's delegation to
the republican national convention
was opened at the G. O. P. state con-
vention here today by forces support-
ing the candidacy of Senator Hiram
Johnson, of California.

Johnson leaders charged that the
"old guard" was plotting to torpedo
the Johnson boom by electing a pro-
Wood delegation with "half-hearted"
instructions to vote for Johnson on
the first few ballots.

Find 55 Bodies In
DEBRIS OF TORNADO

By United Press Leased Wire
Muskogee, Okla.—With fifty-five
bodies recovered from the wreckage
of the little town of Peggs, Okla.,
rescue workers early today placed the
rest of injured at 150. Burial of the
dead was begun last night.

A relief fund was being subscribed
today. All property at Peggs was re-
ported a total loss.

Put Real Teeth In
ANTI-PACKER LAWS

By United Press Leased Wire
Washington, D. C.—Packer legisla-
tion "with teeth in it" will be passed
by this session of congress, Repre-
sentative Anderson, Minnesota, one
of the authors of a bill to regulate
the packing industry, predicted today.

The bill which is being framed to
supplement the department of justice
decree eliminating the "big five" pack-
ers from many unrelated lines, will be
reported out next week, he said.

"We will certainly report a bill and
I think despite the effect of the two
previous conventions, we will get it
through," declared Anderson.

KNOX DENOUNCES WILSON FOR HIS STAND ON PEACE

PENNSYLVANIA SENATOR AVERS
WILSON IS RESPONSIBLE
FOR UNSETTLED AF-
FAIRS

SAYS U. S. IS MISRULED

First Step Toward Normal Condi-
tions Is Removal of President's
War Time Powers, Sen-
ator Is Told in Peace
Pact Debate

By United Press Leased Wire
Washington, — Declaring that
President Wilson preferred to "keep
the country in an alleged state of
war rather than abate one jot or tittle
of the full measure his isolated will
has set for the nation," Senator
Knox, Pennsylvania, today opened
debate in the senate on his peace
resolution.

"The welfare and safety of the na-
tion imperatively demands that we
now have peace," declared Knox.

"The whole world seethes with
revolution. Our own nation is in
ferment and turmoil. Force and
strife are rampant and threaten the
destruction not only of our property
but of our free institutions, and even
of our very lives. And yet we stand,
and have stood for months, as a
rudderless ship, foundering in the
trough of tremendous seas. We must
not dare longer to delay a return to
the ordered government of peace; we
must not hazard a further post-
ponement in turning our undivided
deliberations to our home problems.
They are great enough to tax the ut-
most wisdom we possess. As a pre-
liminary step, the executive must be
returned to his peace-time powers
and prerogatives.

Is Fighting America
"Internationally we are at peace.
Our national executive with a stub-
born irresponsibility continues to de-
clare we are at war. But as a prac-
tical matter the only war which he
wages is against American citizens
and American industry. The situa-
tion is so anomalous and iniquitous,
is so fraught with injustice and with
possibility of disaster, that one can
not reconcile it with the operations
of sane statesmanship.

"It is not only legally unsound but
economically, morally and patrioti-
cally necessary and indispensable
that we repeal the declaration of war
and so immediately end the despotic
war powers with which a power-
maddened administration continues
to misrule this great people."

May Appeal to Court
Knox indicated that the supreme
court will be asked to rule on power
of congress to declare peace by resolu-
tion.

Knox said he was sorry it was nec-
essary for him to "make observa-
tions, which I wish were not need-
ful, to advert to certain conditions
and situations which it were infin-
itely pleasanter to blank or ignore, for
it is an unwelcome task to judge one
who has fallen in the public esti-
mate. But the time has come when
we must speak plainly."

Sympathy for Wilson
"I entertain only sympathy for the
president in his illness and sympathy
for the country which must suffer
under him because of it," Knox said.

"We must now proceed in the re-
scue of the people from their present
unhappy state, leaving the weight of
censure and responsibility for past
errors and misadventures to fall
where it may."

Knox cited precedents to prove that
war may be ended without actual
treaty. Knox next reviewed the
events leading to the entry of the
United States into the war. He said
President Wilson "bluffed and blus-
tered, wrote and fumed, but took no
action."

He quoted from the "peace without
victory" and "too proud to fight"
speeches of the president and the
speech in which Wilson said he had
no quarrel with the German people.

German imperialism ended with the
revolution, Knox pointed out, "leav-
ing us without any titular enemy un-
less we were warring on the German
people and we have clearly stooped
ourselves to make such a contention."

NEW DEVELOPMENTS
IN BOND THEFT CASES

By United Press Leased Wire
New York.—Intimation that a
"bond fagin" was responsible for
many youthful broker house mes-
sengers turning thieves, and disclosure
of a woman "in the case," were the
latest developments today in investi-
gation of robberies which have cost
New York financial institutions mil-
lions.

Joseph Gluck, a messenger boy
held under \$50,000 bail, testified at
the private hearing before United
States Court Commissioner Gilchrist
that he and other messengers turned
over stolen bonds to a man whom
they knew as the "count."

Miss Ray Cohen, sister of "Nick"
Cohen, who is a fugitive and alleged
right hand man for "Nicky" Arn-
stein, brains of the gang, testifying
at the hearing, told the woman.

KIDS GET VACATION
WHEN TEACHERS STRIKE

By United Press Leased Wire
Cincinnati.—Thirty-five hundred
school children at Newport, Ky.,
across the river from Cincinnati,
went on an enforced vacation today
when 33 teachers went on strike, de-
manding a flat wage increase of \$200
a year. The present maximum wage
is \$96.25 a month.

The first test of the "horseless car-
riage" was in Kokomo, Ind., on July
1, 1894, by Elwood Haynes.

Farm Agent Is Added To Staff Of Local Bank

First National Bank Organizes Farm
Department and Appoints Paul
O. Nyhus as Farm Service
Man—Will Aid All the
Farmers

Bonds between farming communi-
ties and Appleton's financial institu-
tions have been strengthened by the
organization of a farm department in
the First National bank, announced
today by R. S. Powell, president of the
institution. "Paul O. Nyhus, until re-
cently county agricultural agent in
Waupaca county," has been appointed
service man and will start work Mon-
day, May 10.

Mr. Nyhus is now visiting the farm-
ing sections of Outagamie and ad-
jacent territory to become acquainted
with the farmers' needs and cement
relations between the farmers and the
bank which he represents.

The plan of engaging farm agents
and establishing farm departments is
becoming quite general among the
larger banks in farming districts, ac-
cording to Mr. Powell.

The farm agent is a man of wide
experience and special training in
agricultural work and capable of
keen appreciation and understanding
necessary for close cooperation in all
matters of interest to agriculturists
and livestock.

Does County Agent Work
Mr. Nyhus will carry on a work
here similar to that performed by a
county agricultural agent. He will be
at the disposal of farmers seeking as-
sistance in the proper methods of fer-
tilization, planting, harvesting and
marketing. He will also be able to
give sound advice in financial mat-
ters, especially as these matters per-
tain to farm work.

Mr. Powell explained that Mr. Ny-
hus' work will by no means be con-
fined to patrons of the First National
bank but will extend to every farmer
in the community who desires his ser-
vices.

The bank feels that the establish-
ment of a farm department and the
employment of a farm service man
will bring about a much closer rela-
tion between it and the farming com-
munities. The bank will be better
able to appreciate the needs of the
farmer and will be in a better posi-
tion to fill those needs.

Made Fine Record
The ability of Mr. Nyhus to cope
with the problems which arise on the
farm is vouched for by Mr. Powell.
The agent made a splendid record in
Waupaca county and his release was
secured with difficulty. Mr. Nyhus
will devote most of his efforts to fur-
thering production, rather than to so-
liciting banking business. His work
is to be of a community nature and
it is believed, will be of benefit to
every farmer in Outagamie county and
territory contiguous to Appleton.

LABOR CANDIDATE FOR
MAYOR IS DEFEATED

By United Press Leased Wire
St. Paul, Minn.—Mayor Laurence
C. Hodgson was re-elected mayor in
yesterday's city election over William
Mahoney, labor candidate.

Hodgson's majority was 2,715 with
two minor precincts missing. More
than 40,000 votes were cast—a re-
cord for any election in St. Paul.

Practically complete returns showed
a turn-over of the city council. Three
ex-service men and three labor candi-
dates apparently had been elected.

Henry McColl, police commissioner,
on whom a bitter fight was made, ran
tenth in a field of twelve for six places
on the council. Police Chief J. J.
O'Connor is expected to resign as a
result of McColl's defeat.

LENROOT MOVES TO
AID FUEL SITUATION

By United Press Leased Wire
Milwaukee.—Following a conference
with industrial leaders here, United
States Senator Irvine L. Lenroot sent
a message to the interstate commerce
commission urging prompt relief from
an apparent coal shortage.

Lenroot wired that the coal short-
age is serious because of lack of suf-
ficient cars and movement of same to
and from mines through junction
points and to terminal points. It
suggests that the situation can be
remedied by orders from the commis-
sion giving coal cars right of way
and demands that they be sent to the
mines.

Another American Slain
El Paso, Texas.—Mexican bandits
near El Oro, state of Mexico, murder-
ed Ralph Greenlaw Monday, accord-
ing to word received here today.

Greenlaw was a son of Francis
Greenlaw, who with another son,
was murdered at El Oro Monday by
bandits.

The capture of Torreón in the
wealthy cotton section of Mexico was
partially confirmed by reports reach-
ing here today.

With the capture of Torreón, re-
bels were in a position for a concert-
ed drive on Mexico City. They have
planned this drive since the fall of
Juarez.

DOZEN MEN WANT TO BE
MINNESOTA GOVERNOR

By United Press Leased Wire
St. Paul, Minn.—Republicans in
every county of the state were cau-
tious on a state ticket today.

The county conventions will send
1,101 delegates to a state convention
here Saturday when an effort will be
made to mold all republican forces
around one ticket.

More than a dozen candidates for
governor have complicated the situa-
tion so that an elimination contest
was decided upon.

The county conventions are expect-
ed to discuss the situation today, but
a majority will send uninstructed
delegates to the state convention.

U. S. PREPARES
FLEET FOR USE IN
MEXICAN REVOLT

WAR VESSELS HELD IN READI-
NESS TO PROTECT AMER-
ICAN INTERESTS IN
THE SOUTH

CARRANZA ORDERED OUT
Federal Generals Give President Until
May 15 to Resign From
Office—Third Member
of One Family Is
Murdered

By United Press Leased Wire
New York.—The squadron of United
States destroyers ordered to
southern waters to protect Americans
in Mexico in case they are endan-
gered by revolutionary developments,
left New York harbor at 2 p. m. today.

Captain B. A. Long, of the Black-
hawk, was senior officer of the
squadron and will act as its com-
mander. The Blackhawk was sched-
uled to sail an hour after the de-
stroyers got under way.

The destroyer squadron arrived
here last Saturday with the Atlantic
fleet, which returned at that time
from winter maneuvers in Guantana-
mo bay.

Washington, D. C.—A division of de-
stroyers has been ordered to proceed
to Key West, Florida, to be held in
readiness for possible instructions to
go to the east coast of Mexico. Sec-
retary Daniels announced today.

The destroyers were scheduled to
start this morning.

The move is precautionary, it was
learned, and is being taken with the
idea it may be necessary to use the
warcraft to protect Americans endan-
gered by revolutionary development.

The ships composing the squadron
are the Isherwood, Case, Lardner,
Putnam, Beale, Reid and the tender
Blackhawk.

Captain B. A. Long, of the Black-
hawk, who is senior officer of the
squadron, conferred last night with
Daniels and Admiral Bullard, chief of
naval operations. He was told to pro-
ceed to Key West with all possible
speed and hold the ships in readiness
for further orders.

Carranza Ordered Out
State department officials today
sought to verify unofficial reports that
Mexican federal generals have given
Carranza until May 15 to step out of
office.

If these and other unofficial reports
prove true, Mexico soon will be in the
midst of even greater political con-
fusion than now, officials said.

Carranza and the federal govern-
ment forces now are completely shut
off from communication with the
outside world except over one tele-
graph line through Eagle Pass and
Laredo, reports here stated.

Another General Deserts
General Pablo Gonzales, until re-
cently one of Carranza's staunchest
supporters, has gone over to the revo-
lutionists, according to announcement
by representatives of the Obregon
movement. Gonzales, according to the
assertion, is in command of two reg-
iments of infantry, a short distance
from Mexico City and has severed the
railroad to Vera Cruz. This road is
the only outlet of the Mexican capital
to the sea on the east.

JUNIOR HIGH SHOULD NOT BE CONSIDERED IN SCHOOL PROBLEM

DISMISS INDICTMENTS
AGAINST RUSSELLITES

By United Press Leased Wire
Chicago.—Indictments against
nine followers of the late Pastor Rus-
sell, eight of whom were charged with
violation of the espionage act, were
discharged in federal court, Brooklyn,
today, on motion of United States At-
torney Ross.

The indictments were based on
statements contained in the book,
"The Finished Mystery," which were
alleged to have obstructed operation
of the draft law.

Taft To Discuss
WORLD LEAGUE HERE
TUESDAY EVENING

FORMER PRESIDENT OF THE UN-
ITED STATES WILL SPEAK
AT LAWRENCE MEM-
ORIAL CHAPEL

William Howard Taft, former
president of the United States, will
be in Appleton Tuesday, May 11, to
deliver an address on the league of
nations as the closing number of the
1920 program of Appleton Commu-
nity Lecture and Artist Series. The
seat sale will open Monday morning
in the Y. M. C. A.

This number is expected to at-
tract the largest crowd of the year.
Mr. Taft is a splendid speaker and
he is particularly well informed in
America's relations with other na-
tions.

The former president is expected
to discuss the latest developments in
the league controversy and why he
is favorable to the league with reser-
vations. Mr. Taft's statements on
the league have been widely quoted
and are received with utmost respect
by those who have the league battle
in hand.

This will be Appleton's second op-
portunity to entertain the distin-
guished visitor. He came here sev-
eral years ago to speak in behalf
of his candidacy for re-election as pres-
ident and thousands of people from
miles around flocked to hear him.
Since then he passed through Apple-
ton on one or two occasions while
enroute to Minneapolis and St. Paul.

It is believed that Mr. Taft will ar-
rive in Appleton early Tuesday eve-
ning and will be met at the train by
a reception committee which will
conduct him to the Y. M. C. A. for
a dinner. This has not been defini-
tely worked out, however.

It is probable an effort will be
made to have Mr. Taft arrive here
earlier in the day so that he can be
the guest of the Rotary club at its
noon luncheon.

GREAT LIFE SAYS MISS
HURST'S TRIAL HUBBY

By United Press Leased Wire
New York.—Jacques E. Danielson,
pianist-composer and husband of Fan-
nie Hurst for their marriage five years
ago, is just as enthusiastic about the
manner in which they have managed
to be "free though married," as his
wife.

The secret marriage became known
on the fifth anniversary through an
announcement by Miss Hurst. They
maintain separate homes and offices
and meet only by appointment.

"Why, if anyone would know how
I feel about it," said Danielson, "just
let him ask some married man of five
years how he would like to have a
night out without resorting to the
hackneyed 'sick friend' or the age-
worn 'lodge meeting' excuses."

One Request Pending
"The board of education then made
its third request. It asked that the
city council purchase a part of the
block immediately east of the high
school and provide the sum of \$250,-
000, more if needed, to erect thereon
a unit to take care of our high school
overflow. This request, if I am cor-
rectly informed, has not been denied
in regular meetings of the board of
education. It was unanimously denied
by the council at an informal
meeting. As the matter now stands,
our third request is before the city
council for their acceptance or refus-
al."

"I think the above covers the his-
tory of the problem to date.
"Now as to my opinion and my rea-
sons for voting as I have.

Controls Only High School

our present plan of education the
board of education is responsible for,
and has control of only the Appleton
high school. As the board of educa-
tion it does not in any way direct ac-
tivities of the district schools, and

COURTNEY IS HIGH IN TRACK CONTRACT

HIGH SCHOOL MAN MAKES FINE SHOWING IN 125 POUND CLASS MONDAY AFTERNOON.

Schmiege, Courtney and Verbrick led in the unlimited, 125 pound, and 110 pound classes in Monday's events of the inter-group track meet of high school students at Lawrence field. The remaining events were run off yesterday afternoon.

Schmiege topped first in the 100, 220 and 440 yard dashes, the only three events in which he entered. Tommy Davis gave Schmiege a tough fight, scoring 14 points by winning first in the high jump, and three seconds in 100 and 50 yard dashes, and broad jump.

Courtney had things his own way in the 125 class. Dan won four firsts

and a second. Gehring finished second with a first in the high jump, and a second in the broad jump event.

Verbrick won four out of five events in the 110 pound class.

The results:

125 Pound Class.

100 yard dash—Courtney, Bender.

Stingel. Time 11.2.

50 yard dash—Courtney, Stingel.

Bender. Time 6.1.

1 mile run—Currie, Coon, Cary.

Time 5:36.

220 yard dash—Courtney, Stingel.

Bender. Time 26.

880 yard run—Pierce, Ornstein.

Bender. Time 2:30.

High jump—Cehring, Courtney.

Fuchsgruber. Height 5 ft. 3 in.

Broad jump—Courtney, Gehring.

Ornstein. Distance 5 ft. 7 1/2 in.

Unlimited Class.

100 yard dash—Schmiege, Davis.

Roach. Time 10.8.

50 yard dash—Schmiege, Davis.

Briese. Time 5.8.

1 mile run—Purvis, Zachow. Time

5:25.

220 yard dash—Schmiege, 30.

880 yard run—Wood, Purvis. Time

2:22.

High jump—Davis, Roach, Stevens.

Height 5 ft. 3 in.

Broad jump—Wood, Davis, Zach-

aechner. 17 ft. 9 in.

110 Pound Class.

100 yard dash—Verbrick, Schom-

isch, Heideman. Time 1:13.

50 yard dash—Verbrick, O'Leary.

Time 6.4.

220 yard dash—Crows. 31.

High jump—Verbrick, Sutherland.

Height 4 ft. 3 in.

Broad jump—Verbrick, Heideman.

Sutherland. Distance 14 ft. 4 1/2 in.

ST. PAUL BUYS

EXPENSIVE WIND

(Special to Post-Crescent)

St. Paul—Even wind has increased

in price here. Wind delivered from

the end of a trombone or a French

horn will be bought by the city at a

much higher rate this summer. "Band

concerts will cost us \$100 a week

more," says Commissioner Clancy.

adv.

MEYERS HERE, FIT FOR SCHUBERT BOUT

MIDDLEWEIGHT CHAMP WANTS RING ON FLOOR TO ESCAPE POSSIBLE INJURY.

Fit and ready for his bout with Billy Schuber at the armory tomorrow night to decide the world middleweight wrestling championship, Johnny Meyers, Chicago, the champ, arrived in Appleton this afternoon. Not only is the speedy Pole ready, but he is impatient to get into the ring, and claims that Thursday night will see the elimination of Schuber as a title contender.

Schuber left Springfield last night, and will arrive in the city tonight. Billy, always in shape, has gone thru the hardest kind of a training grind, and if he loses, which he says he will not, it will not be due to poor condition. Schuber trained at Madison with Muffy Matsuda, the Jap, for several days, to improve his speed.

The men are to weigh in at 158 pounds tomorrow afternoon, and neither will be overweight. In an effort to eliminate all possible danger to the grapplers, Promoter Elmer Johnston has announced that the mat will be laid on the floor, instead of constructing a special elevated ring. Meyers requested that this step be taken, as he does not want to take any unnecessary chances on being hurt.

The best sale for the big bout continues brisk, and Thursday night should see the armory packed to capacity. Fans from Neenah, Menasha, Kaukauna and Green Bay have already made reservations. A big delegation of Meyers' supporters from the Windy city will also be at the ringside.

ORDER CONTINUANCE OF INTERURBAN FARES

By United Press Licensed Wire

Madison—The Wisconsin supreme

court today granted a writ of mandamus ordering the Milwaukee Elec-

tric Railway and Light company to

continue its interurban car service in

the city of Milwaukee as at present

without increased fares and blocking

interference on the part of the city

of Milwaukee until the supreme

court has had time to review the case.

The writ was issued on the applica-

tion of Attorney General J. J. Blaine

who appeared in court at the request

of Governor E. L. Philipp.

The court order sets aside a writ

issued by the Milwaukee circuit court.

APPLETON POST-CRESCENT

BETTER UNDERSTANDING OF SCHOOLS

The facts and interviews which the Post-Crescent has published during the last week dealing with the high school problem has aroused unusual interest in the educational affairs of Appleton. They have given the public a new insight into some phases of the school situation which was perhaps imperfectly understood, and of even greater importance than this, they have set the people to thinking about what policies are really best for the progress and improvement of the schools.

We believe there is a different understanding of the high school question than there was in advance of this publicity. We believe it has materially aided the proposal to introduce the junior high school into our educational system and to anticipate and provide for it by erecting the first unit of a school on a location other than that of the present high school. Several of the aldermen who originally favored building an addition to the high school are now for the plan recommended by the school superintendent and the board of education, which is to erect an entirely new building.

It seems to us that the more this matter is studied the more the junior high school building plan will commend itself to the people. While it involves a somewhat larger expenditure of money at this time than the addition to the high school would cost, there is no question but what it would represent increased efficiency in the end and in all probability increased economy. Regardless of what course is adopted, the present discussion cannot help but be of benefit to the schools. Whatever awakens greater interest in education invariably reacts to its advancement.

WHY RURAL SCHOOLS SUFFER

County Superintendent Deihl, of Juneau county, reports that the average wage of the rural school teacher in Juneau County is under \$500 a year. The result of the survey in Juneau county shows that the average price for room and board is a dollar a day. Seventy-three out of eighty-nine teachers reporting in this country either do their own janitor work or pay someone else.

Superintendent Deihl says: "This would mean an income of \$10 a month if the teachers were to work twelve months of the year. Do you wonder that it is hard for us to find teachers? Would you care to give the services that we ask from our teachers at such a meager wage? Because of the fact that we are paying lower salaries we have lost, and are losing, excellent teachers. Though your return may be slower, no investment can pay better than that made in a good school."

Conditions in Juneau county are no different from conditions in other counties, judging from the general survey of the state made by the Wisconsin Teachers' association. If the rural schools are to get and keep good teachers, salaries must be raised to meet the increased cost of living.

Commissioner of Education Claxton has called a national conference of business men, farmers, labor leaders, members of boards of education and newspaper publishers to be held at Washington this month to consider "the emergency in education in the United States arising out of the present prospective shortage of teachers, and the necessity for immediate increases in funds for the support of schools of all grades and the need of better adjustment of educational problems to meet the requirements of the new era," and to discuss these problems of education "from the standpoint of statesmanship and the public welfare." In other words, the school situation has be-

come so serious as to invite national action. Everything that we can do locally to improve our conditions does that much to alleviate the situation as a whole, and the same is true of every other city and county.

LENROOT ON THE ECONOMIC SITUATION

Senator Lenroot appeared in very good form in the discussion of our social and economic problems at Kenosha. He stated a truth when he said that the high cost of living is due in part to natural causes beyond our control, and that whenever the demand for an article exceeds the supply, "we must expect to pay an increased price for it." Mr. Lenroot took the stand that prices and economic conditions cannot be arbitrarily regulated by law although there are exceptions to this, as was demonstrated during the war. The price fixing of sugar, for instance, saved the people collectively millions of dollars, and it would be a good thing if this price control were still in effect. The authority for it exists, but the power is not exercised, and the result is that we have the price bid up to a level that is as absurd as it is burdensome. Since there is only a limited amount of sugar it would be better to restrict the quantity that could be sold or used at one time, under a reasonable price, as was done during the war, than to let the public bid for it under no limitations.

Mr. Lenroot is of the opinion that the failure of the United States to negotiate peace is partially responsible for unrest and the cost of living, and in this view he undoubtedly is correct, although we cannot go with him all the way in his contention that the proper course for the country is to terminate the war by resolution instead of treaty. How Mr. Lenroot can regard this as "peace with honor" or with the proper regard for American interests is more than we can make out. It is inconceivable that any resolution of congress could possibly safeguard American rights and interests under the treaty of Versailles, provided the resolution brought about full, legal, final peace. However, there does not seem to be a possibility that we will make the mistake of terminating the war in this manner because the president has served notice that he will veto the peace resolution. The senator referred to one matter which is timely, and that is the disposition in some quarters in Wisconsin to make light of the war and to still challenge the propriety and righteousness of the United States' engaging in it. In answer to this Mr. Lenroot says: "Any man who now says that the war was wrong, and that all of our sacrifices were made in an unjust cause, is not a good American." This will be good advice to some of our citizens who are disposed to applaud Senator LaFollette for his attitude during the war and to defend his un-American record.

Mr. Lenroot's views concerning the industrial situation are worth noting. It is his idea that measures ought to be taken for the prevention of strikes through the setting up of machinery that will be a practical arrangement for adjusting all disputes between employers and employees, insuring the employee something more than a living wage. He is right when he says that every strike adds to the cost of living, not merely in the event that it succeeds in elevating wages still further, but because it reduces production and brings about that much greater scarcity of our living necessities.

Mr. Lenroot says the congress has enacted adequate laws for dealing with profiteering, for price regulating and for the control of business to the extent that is practical and desirable. He charges that much of our troubles are due to failure of the administration to enforce the laws. That is, of course, the political view, and it may or may not have merit, it is hard for the public to say. Indications are not wanting, however, that extreme limits have about been reached, and that we are inviting a serious reaction at any time by the recklessness with which we have ignored the consequences to which profiteering, unrest, labor agitation, high prices and wages were leading us. There is some indication that industry may choose the alternative of closing down in order to stop the pyramiding of wages and prices. This policy is not without argument to recommend it.

ORIGIN OF "APRIL FOOL"

Washington, D. C.—"Even in these times of turmoil and contention, there is still one day when a man may not only play the fool, but his friends are privileged to give him a headlong push down 'fools' hill.'"

"The origin of the custom of playing practical jokes on friends and neighbors on 'All Fool's Day' is variously explained. Some of these explanations may interest those who have eaten

Drowning of the Russians Ends the Plot Against Peace

"We finished our bridge and went on deck to breathe the magnificent air which had been washed by the rain." Thus Katherine's letter ran. "Chrys spoke of poor Sandy. She hoped he hadn't got soaked in the storm. She seemed to consider him a most remarkable person. Told me that he had been brought up to be a person. You know Chrys is always discovering extraordinary characters who remain perfectly com-monplace to the rest of us. It certainly wasn't my affair to care whether Sandy was safely back on the yacht, and I told her so as we went down to our staterooms."

"In the early dawn, I heard a slight commotion on deck. Looking from my port-hole, I saw a motor-boat getting away from the yacht. I supposed it might be our supply boat, going for the milk. Half an hour later the shuffling of feet over my head waked me again. The feet moved slowly, like those of men who carry a heavy load."

"Presently Chrys opened my door and rushed in without rapping."

"Quick!" she called to me. "Come and help! Hamilton Certels has been brought aboard, nearly drowned!"

"They put Certels into Gene Archer's stateroom. The ship's doctor brought him back to consciousness. We girls waited on the medic line good trained nurses. I am one, you know. When I saw Certels' eyelids tremble, I got Chrys out of the room."

"Where are the others? The Russians? Don Manuel? And Sandy?" she asked.

"But nobody will ever see Sandy McCall or the others again on this earth."

"We went to the captain. Sandy was his nephew, and the old man was terribly upset. He had been very fond of the boy, had great hopes for him, it appears. He told us that he had waited for Sandy to come back after putting his passengers aboard 'The Argentine.' The boy was as punctual and reliable as his old chronometer, he said. When it began to get light, and the boy had been gone five hours on a job which should have taken no more than 45 minutes, the captain thought best to send out a motor-boat to hunt him up. For the first time, he connected the explosion of the night before with Sandy's power-boat."

"The men made for 'The Argentine' to learn when the party had gone aboard, but half way over, they came on one of the 'Blue Bird's' life preservers. After a little cruising, in the morning dusk, they discovered Certels, unconscious, but upheld by two of the air-cushions. Of course they zig-zagged about in the hope of finding other survivors, then decided that they must get Certels in bed and warmed up."

"I've sent out all the boats, and wirelessly the life-saving station on shore, but I—I'll never see my boy again! The old man was not at all ashamed of his tears."

"So that is the end of one plot against the peace of the world. The Russians were drowned, and Don Manuel, too. I am writing 24 hours after the explosion."

"Who would ever guess that that crazy Scotsman would become a tool in the hands of fate? That chance would pick him to perform a great service to his generation?"

"I suppose he has only blocked the conspiracy temporarily. You've guessed, of course, that he planned the bomb in the power-boat in order to rid the world of men whom he feared as makers of another war?"

"Chrys considers him one of the world's unknown heroes. I tell her that we need a lot more like him for the Germans are going to keep right on conspiring for the ruin of the world since they cannot run it to suit themselves."

(To Be Continued)

cotton pie and bean chocolates," says a bulletin from the National Geographic Society.

"Some writers trace the custom back to the days of the miracle plays given at Eastern time. One of the most popular tableaux satirized Ananias, Caiaphas, Pilate, and Herod. In the decadent days of these dramas actors played largely for the amusement and applause of the groundlings, until Herod, in out-heroding himself, and Pilate, in the performance of his abominations, literally made fools of themselves."

"Feast of Fools" was held in the early spring by the Romans, and the Hindus, since time immemorial, have celebrated as a Saturnalia the vernal equinox, or Feast of Holi. During these festivities, the chief amusement seems to have been that of fooling people and sending them on fruitless errands."

"Many students trace the origin back no farther than France in the sixteenth century. At any rate, the custom seems to have radiated from France to England as well as to Germany. If we are to believe what Grimm says about it, France was the first nation to adopt the reformed calendar which decreed that the year should begin on the first of January. Consequently those who objected to sending out their New Year's gifts and felicitations upon the newly chosen date instead of April 1, as they had done previously, subjected themselves to endless taunts for being old fogies by going on visits that then had no meaning. The French call the victim of a prank on April 1, 'un poisson d'avril,' or 'a fish of April,' of which our American slang, 'you poor fish' is good translation. The origin of the expression used in this connection probably arose in the obvious comparison between the person who 'bites' unwittingly and the April fish, which is a young fish and therefore easily caught."

"In Scotland April Fool's day is observed, but under a slightly different name—the day for 'hunting the gowk' or cuckoo. Some few of us who, in our unsophisticated days, have gone 'snipe hunting' in this country, know how the fellow feels who hunts the gowk, and realize that to be called an 'April-cuckoo,' is not a compliment, that bird being a by-word of contempt in 'almost every land.'"

SUFFRAGE EYES TURN TOWARD LOUISIANA

New Orleans, La.—The battle for woman suffrage and to ratify the constitutional amendment in time for women to vote in the presidential election was squarely up to Louisiana today. The fight promises to overshadow all issues before the general assembly when that body convenes, May 10.

Both sides are already in training and leaders predicted that the chances, from present indications, of ratifying or defeating the measure was practically on a 50-50 basis.

The situation in New Orleans, where Mayor Behrman opposed suffrage in 1918, will be reversed, it is believed. Behrman has changed his views, and has come out for the amendment, declaring that he will not stand in the way of Louisiana's ratifying.

"Should woman's suffrage need the vote of Louisiana for its adoption as an amendment to the constitution of the United States? I will cheerfully aid in its adoption," Behrman said.

John M. Parker, the incoming governor, is pledged to suffrage. He declared for it on the stump and in his public statements.

Hewitt Bouanchaud, the new lieutenant-governor, who will preside over the senate, is credited with being opposed to federal suffrage. Several leading figures in both houses are also opposed to the federal amendment.

TWENTY-FIVE YEARS AGO

Wednesday, May 8, 1895.

Robert Wells of Duluth was visiting his cousin, L. D. Smith.

Mrs. W. L. Rhodes left for Pewaukee for a two weeks' visit with her parents.

Mrs. J. F. Johnston, returned from Ishpeming, where she spent the winter with her son, Capt. W. H. Johnston.

It was announced that S. R. Wagg of Fairfield, Mass., who was intending to make a visit to his home, had given up the plan temporarily.

Oshkosh had an epidemic of small-pox.

The Rev. A. K. Glover of Grace church was engaged to deliver the Memorial day address.

The Northwestern Railway company was held responsible for the death of W. S. Curtis at the inquest held the day previous.

Joseph Mueller, a 17 year old youth, disappeared from his home at Sherwood.

Miss Carrie Fransway and Charles Rockstroff of Green Bay were married at St. Mary church.

The total expense of the city government for the month of April was \$4,753, as against \$6,140 for the corresponding month the year previous.

A shed roofed stable on the premises of Henry Walters on Packard street caught fire and two horses narrowly escaped suffocation.

The members of the fire department appeared in handsome new regulation fire caps.

A movement to organize a church was started by local adherents of Christian Science.

A daughter was born to Mrs. J. C. Murphy, whose husband died of pneumonia the previous month.

THE PASSER BY

True wit is nature to advantage dressed.
What oft was that, but ne'er so well expressed.

A LITTLE TIME

A little time to know
The joy that Love has given;
And then in cowers and snow,
Sleep—neath a tranquil heaven.

A little time, dear heart.

To love thee and adore;
And then the clasped hands part,
And We shall love no more!

A little time! The way

Is even as God shall will;
Give me thy hand today,
Sweetheart, and love me still!
—Frank L. Stanton.

Come Right In, Carrie

MISS CARRIE A. FLASK

—Card of Paducah, Ky., young lady.

A Jerseyman, Perhaps

WANTED—Man in stock barn. Must be good milker. Good wages. Traverse City State Hospital—Ad in Traverse City Record-Eagle.

It Was a Splendid Sight, Men

It so happened that the members of the fire department were holding a meeting at the time the alarm sounded and the company appeared at the fire in uniform.—Macomb, Ill., Bystander.

Gray's Daylight-Saving Elegy

The curfew tolls the knell of parting day;
The lowing herds wind slowly o'er the lea;
The plowman homeward plods his weary way,
Then finds he quit an hour too soon, b'gee!

A Lingering Death

A warrant charging Fanny Bruno, confessed slayer of Joseph Zarcone, with murder in the first degree was issued Monday by District Attorney W. C. Zabel. The warrant preceded the inquest into Zarcone's death which began at 2 o'clock.—Milwaukee Journal.

Excessive Sweating.
Contrary to the morbid notions inspired by exploiters of la-de-da-ism plain every day sweating is neither indecent nor impolite. It is simply silly for one to feel embarrassed because the hands or the face sweat.

Excessive sweating is frequent in various systematic diseases. Profuse sweating in sleep occurs in so many different diseases that "night sweats" can not be considered suggestive of any particular trouble.

People who eat more meat than they need are likely to sweat excessively on slight provocation. Infants, improperly fed, and consequently suffering in some degree with rickets, are likely to sweat in sleep, especially about the head.

Persons who take tea or coffee to excess are likely to sweat too much. Sweating limited to one side is usually due to some reflex irritation of the sympathetic nervous system, which controls the sweat glands.

Excessive sweating of the armpits may be safely stopped by sponging the clean, dry surface each alternate day for three or four times with a solution of aluminum chloride, one-half ounce, in distilled or rain water, two ounces, and allowing this to dry before dressing.

Excessive sweating of the feet may be similarly treated.

If there is a disagreeable odor, the feet should be sponged daily with a solution of formalin (Liquor formaldehyde 40 per cent), one ounce, in water, one pint. This should dry before putting on the stockings.

Another good remedy for excessive sweating of the feet is finely powdered alum sprinkled daily in the shoes and in the stockings. It is better not to use hot water, but only cold water for bathing the feet, and the more rarely they are bathed the better. In bad cases the feet of the stockings may be soaked in saturated solution of boracic acid (as much as the water will dissolve) at night and hung up to dry. Low shoes should be worn rather than high shoes; and it is wise to go barefoot whenever possible.

For localized sweating elsewhere, topical applications are less satisfactory. This lotion may be used as a

wash, sponged on and allowed to dry, twice a day:

Tannic acid 1 dram
Alcohol (or toilet water) .3 oz.
Water 3 ozs.

Sometimes a drying powder is preferable, or at least more convenient. This is a good one:

Salicylic acid 1 dram
Boric acid 1 oz.
Zinc stearate 2 ozs.

QUESTIONS AND ANSWERS.

Pimples.

Will you kindly publish receipt for taking yeast cakes for pimples and gaining weight? (J. J. D.)

ANSWER—There is no particular recipe. Take one yeast cake, any brand used for baking or bread making, after each meal, or twice a day, for six weeks, more or less, and the dose is easily swallowed if the yeast is stirred up with water, fruit juice, milk or other beverage. Often it tends to loosen the bowel. Sometimes it seems to stimulate growth. Many individuals declare they have taken up considerable weight while taking yeast. Yeast is a nitrogenous food, very concentrated; rich in vitamin; sometimes an aid, rather than a hindrance as might be imagined, for digestion, reducing fermentation and increasing appetite. Now, then, you know as much as I know about yeast, if any reader dares to write and ask whether I recommend yeast for purifying the blood I'll get cross. In order to forestall uncertainty, let me add that I do recommend yeast, as above, for obstinate pimples and for obstinate crops of boils, and for no other disease.

Daily Bathing Questioned.

Is it good for me or not to take a daily bath? A man told me it was not good as it removes the natural oils from the skin. Thus retarding the health. (R. H. C.)

ANSWER—I think a daily bath is advisable only for young infants, invalids, and persons necessarily exposed to much dirt. A bath twice a week is ample for perfect personal cleanliness, provided the individual lives hygienically otherwise, and provided air baths are taken daily, and provided there is no lack of clean clothing. Too frequent bathing does remove the skin oil, and that subjects the skin to irritations and makes it more difficult to keep warm with moderate clothing. This morning bath business is all right for some people and all wrong for most people. The frequency of bathing by no means determines an individual's cleanliness.

Many School Children are Sickly

and take cold easily, are feverish and constipated, have headaches, stomach or bowel trouble.

MOTHER GRAY'S SWEET POWDERS FOR CHILDREN

Used by Mothers for over 30 years.

Are pleasant to take and a certain relief. They tend to break up a cold in 24 hours, act on the Stomach, Liver and Bowels and tend to correct intestinal disorders and destroy worms. 10,000 testimonials like the following from mothers and friends of children telling of relief. Originals are on file in our offices:

"I think MOTHER GRAY'S SWEET POWDERS FOR CHILDREN are grand. They were recommended to my sister by a doctor. I am giving them to my little three year old girl who was very puny, and she is picking up wonderfully."

● Get a package from your druggist for use when needed. Do Not Accept Any Substitute for MOTHER GRAY'S SWEET POWDERS.

Price In Clothes Buying

A big factor nowadays and we can save you from \$10.00 to \$20.00 on a suit and from \$3.00 to \$5.00 on separate trousers, or single coats.

You will find here a wide range of fabrics and models, and you can buy a suit here and feel that it is going to be of real service to you.

Our Outstanding Feature is to Save You Money.

Double Wedding.

A double wedding took place at 9 o'clock this morning at St. Joseph church. Miss Clara Spreeman, daughter of Mr. and Mrs. William Spreeman of Underhill, became the bride of M. J. Heinz, son of Mr. and Mrs. Matt Heinz of Kaukauna. The brother of the bride, Herman Spreeman, was married at the same time to Miss Gertrude Lueck, daughter of Mr. and Mrs. William Lueck of Underhill. There were no attendants, each couple witnessing the ceremony of the other. Both brides were dressed simply, in dark suits and hats. Mr. and Mrs. Heinz left immediately for New London, where they will make their home. Mr. and Mrs. Spreeman will live in Underhill.

Dinner Well Attended.

More than 200 couples attended the novelty Japanese ball at the armory

Tuesday night. The hall was attractively decorated in Oriental colors and lights. The Apollo orchestra furnished music.

Speaks at Green Bay.

Mrs. D. O. Kinsman addressed the Woman's Club at a meeting at Congregational church, Green Bay, this afternoon. Mrs. Kinsman is a former president of the Wisconsin Federation of Women's Clubs. An informal reception followed the meeting this afternoon.

W. R. C. Meeting.

A regular meeting of the Woman's Relief Corps will be held at 2:30 o'clock Friday afternoon at Odd Fellows hall. There will be balloting on candidates. All members are requested to bring soft cloth for the Veteran Home at Waupaca.

Bestler-Recker Wedding

Miss Rose Bestler of this city, daughter of Mrs. J. Bestler of Shiocton, and Joseph J. Recker, son of Mr. and Mrs. William Recker, 825 Jackson street, were married at 9 o'clock

this morning at the Sacred Heart church. The Rev. F. L. Ruessman performed the ceremony. The bride wore a dark blue suit and hat, with a corsage bouquet of roses. She was attended by her sister, Miss Mae Bestler, who wore a blue silk dress with maiden hair and a corsage of roses. Arthur Recker acted as best man. A reception at the Recker home followed the ceremony. The couple left on a short wedding trip. Upon their return, they will make their home at 749 Madison street.

Miscellaneous Shower

Mrs. Robert Abendroth, Meade street, entertained Tuesday afternoon at a miscellaneous shower for Miss Josephine Schultz, whose marriage to Fred Abendroth takes place May 11. Fourteen guests were present. A feature of the afternoon was a mock wedding ceremony performed by Mrs. Joseph Doring, with Mrs. Robert Abendroth as the bride, and Mrs. John Abendroth as the groom. Games were played and a dainty luncheon served.

High School Party

Arrangements have been completed for the dancing party to be given by the Appleton high school Athletic association at the school gymnasium Friday night. Excellent music will be provided.

Marriage License

An application for marriage license was made at Oshkosh Monday by Miss Carrie Hughes, Appleton, and William L. Carver, Menasha. The wedding will take place tomorrow.

W. C. T. U. Meeting

A regular meeting of the Women's Christian Temperance Union will be held at 2:30 o'clock Thursday afternoon at the home of Mrs. Nettie Peterson, 492 Washington street. Routine business will be transacted.

K. G. Dancing Party

Several Appleton couples will go to Kenosha this evening to attend the Knights of Columbus dancing party which is to be given at Armory 1. A 12-piece Ariel orchestra is to furnish the music.

Married in Menasha.

The marriage of Miss Theresa Porsche and George Palm, both of Darby, took place at nine o'clock yesterday morning at St. Mary church, Menasha. The Rev. John Hummel performed the ceremony. A reception was held at Lake Park, town of Harrison, last night. Mr. and Mrs. Palm will reside at Darby.

You-Go-I-Go Club.

The You-Go-I-Go club met last night at the home of Miss Tillie Jahn. The evening was spent in crocheting and sewing. Refreshments were served.

100 Guests at Party.

Members of the Recreation department of the Appleton Woman's club enjoyed a delightful party last evening at Appleton high school. There were about 100 guests present, a large number being new members. The program was entirely informal, social dancing being the chief diversion. Folk dancing, in which all heartily joined, was also included. Miss Leah Wildhagen had charge of this part of the program.

Another opportunity for enrolling in the various activities which the department is sponsoring was given last night. Many of the girls signed

up for all the groups, which include swimming, hiking, social dancing, amateur dramatics, tennis and gymnasium work. It is planned to begin the activities of the groups shortly.

Press Club Meeting.

The high school Press club will meet Saturday night at the home of Edward Orstein, North street. The literary program will include numbers by Rose Ryan, Mary Thomas, Paul Keller, Irene Morse, John and Margaret O'Leary.

Parent-Teachers Meet

The annual meeting of the Parent-Teachers association of the Third ward school will be held tomorrow night. New officers will be elected and other business disposed of.

Happy Nine Bridge Club

The Happy Nine Bridge Club met with Mrs. A. Ness, west College avenue last evening. The prize was won by Miss Nona McCallough. The next meeting will be held at the home of Mrs. Peter Sinner.

S. G. Club Meeting

Miss Serena Schabow entertained the S. G. club at her home at 659 Story street Tuesday evening. A four course dinner was served. The table was attractively decorated with snail and trailing arbutus. Games and dancing furnished entertainment during the evening. The guests included the Misses Grace and Alma Kuehl, Marvel Stutzman, Augusta Miesling, Alvina Luebben, Minnie Schabow, and Mrs. H. Buss.

Entertain at Cards

Mr. and Mrs. Charles Young entertained about 20 friends at a card party last evening at their home, 820 Oneida street. Prizes were won by Mr. and Mrs. Paul Hackbert. A dainty luncheon was served following the games.

Experience Social

Various means of earning an honest dollar will be described at an "experience" social to be held at three o'clock tomorrow afternoon in the parlors of First Congregational church. Each woman of the congregation has been asked to bring a dollar which she has earned and she will be asked to tell how she earned it. The money will be used in payment of budget pledges.

A program under the direction of Mrs. H. L. Post will be presented. Refreshments are to be served.

Formal Dancing Party

Alumnae of Kappa Alpha Theta sorority will entertain the members and their friends at a formal dancing party Friday night at Elks hall. A large number of out of town alumnae are expected to attend.

Dinner Dance

Members of Epsilon Alpha Phi sorority and their friends will be entertained at a dinner dance Saturday evening at the Sherman hotel. The parents of the girls living in town are giving the affair.

Missionary Society

The Woman's Missionary Society of Trinity English Lutheran church will meet at 2:30 o'clock Thursday afternoon at the home of Mrs. F. L. Schreckenbers, 707 Oneida street.

Entertain at Dinner

The Misses C. A. Robinson and Clara Millerz entertained at a seven o'clock dinner at Hotel Appleton Tuesday evening. Covers were laid for twenty-four guests. The table was attractively decorated with roses and sweet peas. Cards and dancing were enjoyed following the dinner. First prize at dice was won by Arthur Ritzer and consolation by Miss Mary Kemp.

Over the Tea Cups Club

The Over the Tea Cups club will meet with Mrs. John Bottensek, 584 College avenue, at 2:45 o'clock Friday afternoon.

Marriage License

Application for a marriage license was made this morning to Herman J. Kamps, county clerk, by Frank Boyer and Marie Knopp of Shiocton.

Amicitia Club

The Amicitia club met last evening with Miss Mabel Ross, Spring street. A short business session was held and the members then enjoyed themselves with sewing. Luncheon was served. The next meeting will be held with Miss Lillian Nehls, Washington street.

S. S. S. S. Club Meeting

Mrs. Fred Kositzke entertained the S. S. S. S. club last evening at her home, 882 Second avenue. Schafkopf was played and the prize won by Miss Irene Groth. A delightful luncheon was served. No meeting is to be held by the club next week, but it will resume as usual the week following.

Aid Society Meeting

The Ladies Aid Society of First English Lutheran church meets tomorrow afternoon at the church hall. The church choir rehearsal will be held tomorrow evening at the home of Mrs. Elsie Mau, 628 North street.

SHORT NOTES

A. W. Lise, local agent of the Chicago, Milwaukee and St. Paul Railway company, was called to Milwaukee yesterday on matters pertaining to the freight situation. W. B. Basing, agent of the Northwestern Railroad company, has been in Chicago on similar business since the last of March.

A match game of three cushion billiard between Carr and Palmer of Appleton and Hammett and Fuman of Oconto will be played at Carr and Hanson's billiard room at eight o'clock this evening. It is the fourth game of a series of five.

Phillip Leith returned this morning to Omaha, Neb. after visiting for a week with his parents, Mr. and Mrs. Samuel Leith, 281 College avenue. He also spent a few days at Dorchester, where he visited his brother, Mr. Leith is sales agent for the E. L. Williams company at Omaha.

Miss Beth E. Davis of 450 Pacific street, has been engaged as head of the domestic science department at

New London high school next year. Miss Ethel Shipman of Evansville, will be her assistant.

B. C. Koepke left today for Hilbert where he is to superintend the building of the new concrete highway to Chilton, the contract for which was recently awarded to the Appleton Construction company.

Elmer Brettschneider of Milwaukee, formerly of Appleton, returned to Milwaukee this morning after a brief visit with friends here. He made the trip on his motorcycle.

A meeting of the Barbers Union will be held next Monday night at Trades and Labor Council hall. Important business will be taken up.

Mr. and Mrs. E. W. Preston of Shiocton, visited in Appleton Saturday. A meeting of the student council was held this afternoon at the high school.

O. P. Schlafer is at Milwaukee today attending a regular monthly meeting of the Wisconsin Hardware Mutual Casualty company.

A special meeting of the Pythian Sisters will be held at 3:30 o'clock tomorrow afternoon at Castle hall. The Knights of Columbus Ladies will hold their weekly card party tomorrow afternoon at K. of C. hall.

John Langenberg returned to Fond du Lac today, after visiting with his parents for several days.

A dance will be given at Lamer's hall at Little Chute next Monday evening.

Cecil Tibbitts has returned from a several days' visit with friends at Neillsville.

George A. Carley left yesterday for Green Bay on business.

C. R. Kenney of Wauwatosa, was a business visitor here today.

C. G. Kunev of Three Lakes, visited in the city yesterday.

C. H. Schuh of Shawano was here on business Tuesday.

Michael Mack of Shiocton was a business visitor here yesterday.

OBITUARY

JACOB ALTENBERGER

Jacob Altenberger, a brother of John Altenberger of this city, died Tuesday morning at Menasha, where he resided with his sister, Mrs. Antone Lang. He resided at Kiel up to eight months ago and then removed to Menasha to make his home. One son and three daughters survive; also two brothers, Fred of the town of Ryan and John of Appleton; three sisters, Mrs. Henry Nottling, Los Angeles, Cal., Mrs. Frank Anhalt, Kiel, and Mrs. Antone Lang, Menasha. Funeral arrangements have not been announced.

JOHNSON FUNERAL

The funeral of Harry M. Johnson was held Sunday afternoon at Oshkosh. The Masons assisted in the services. The deceased was born at Kaukauna August 7, 1881.

MRS. KATHERINE NEUMAN.

Mrs. Katherine Neuman, aged 68, died suddenly at four o'clock Tuesday afternoon at her home, 698 Oneida street.

Patent Oxfords

\$6.50

1. A stylish and comfortable model with military heel, long vamp and imitation tip.

2. An oxford beautifully designed in same style as one mentioned above but has a pretty Louis heel.

The patent in these two styles is very soft and pliable,—retains a new appearance and will give good service. Soles are flexible and special construction prevents possibility of squeaking.

Other styles from \$4.50 to \$10.00.

Look Around

See our Furniture and get our prices. Then see what others are offering. See for yourself. Every bit of comparison will be in our favor and will more clearly demonstrate that **SAECKER'S** is the Furniture Store of this Valley. Also the store where quality and the lowest prices go hand in hand.

SAECKER'S is the store that provides the greatest number of satisfactory answers to the Furniture needs of the greatest number of homes.

This is proven by the unusually large showing of fine Suites for sleeping rooms and dining rooms.

You will see it proven by a stock of medium priced bedroom, living room and dining room furniture that is about the equal of three ordinary stocks.

Remember it is your home that is to be furnished; it is your money that has to be paid. Bearing these things in mind, does it not mean something to you to have a store like this to depend upon; a store in which the variety of desirable and dependable things is larger than is ordinarily found in a city twice this size.

As we said at the beginning we court comparison—there is no better quality to be had at the prices we ask.

40 COUPLES SOUGHT LICENSES LAST MONTH

Forty marriage licenses were issued by Herman J. Kamps, county clerk, during the month of April, according to figures available at the court house Tuesday.

Seventy-five licenses were issued during January, February and March, making the total to May 1, 115. This is about the same number as issued last year during the same period.

"In spring a young man's fancy" and the presence of May and the approach of June is expected to have an appreciable effect upon the matrimonial business of the clerk's office during the next two months.

HOUSECLEANING—The offices at the court house are now undergoing their annual housecleaning. Five women have been engaged to do the work and the greater part of a week will be consumed in completing it. Today the women are cleaning the municipal court room, the clerk of the court's office and the municipal court reporter's office.

We will be in our New Store,
808 College Ave., About
June 1st

Maybe You Want Athletics Now

Just as soon as the frost disappears some men turn to summer underwear. They can't be comfortable in anything else.

You'll find most such men coming here for these athletic union suits. Others are buying them ahead for summer. They're such good values, it's really the sensible thing to do.

last evening at St. Joseph hall. It was one of the most elaborate social functions ever held by the order, with music, speeches and jovial good fellowship. An impressive feature was the tribute paid to seven charter members still living.

Decorations of the hall was beautifully carried out with flags, ferns and other plants. The stage was converted into a bower of green and here the orchestra was half concealed. Musical selections were rendered during the banquet and program.

Honor Charter Members

The guests were all seated at the tables and the charter members were then ushered in amid a hearty ovation. The seven are Judge G. T. Moeskes, first president of the branch; John Tracy, Mathias Rossmel, Julius Peerenboom, the first treasurer; Michael Garvey, Peter Fassonier and Arnold Peerenboom.

The program opened with an address of welcome by the Rev. Jesaphat Mueske, spiritual director of the branch. The Rev. F. L. Ruessman, pastor of Sacred Heart church, gave the response. An interesting presentation of the history of the branch since its founding was then given by Gustave Keller, who was recording secretary for 25 years. Attorney Patrick H. Martin of Green Bay followed with the principal address of the evening.

History of the Branch

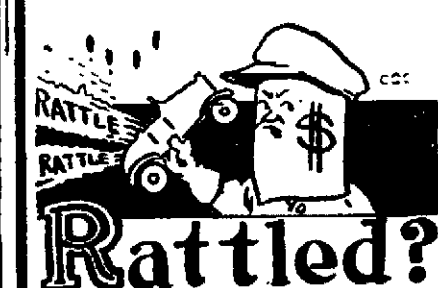

Branch number six was organized April 17, 1885, with 24 charter members. Mr. Keller stated. The seven mentioned above are the only ones living. Organization took place in the old St. Joseph hall, formerly known as the Casino, with the state president, J. H. M. Wigan of Green Bay, in charge of the meeting. The first officers elected were the following: Spiritual director, the Rev. Ferdinand Tammany, then pastor of St. Mary church; president, G. T. Moeskes; vice president, John Driscoll; secretary, Robert Richard; treasurer, Julius Peerenboom; trustees, James Golden, Nicholas Weiland and Henry Hoffman.

The first three members to join the order after its organization were David J. Dey, Michael Conway and Miles Cavanaugh. These joined June 7, 1885. Mr. Conway being still alive. In all 490 members have been admitted, 79 of whom withdrew to other branches, 16 resigned, 54 were suspended, 86 died, leaving a membership of 264 at the present time. The sum of \$159,000 has been paid to the beneficiaries of the 35 who died. The application of the Rev. W. J. Fitzmaurice, then assistant pastor of St. Mary church, was recorded on the books 35 years ago.

Urged Reserve Fund

Mr. Keller also brought out that the Appleton branch was the earliest and most persistent in agitating a reserve fund for the state organization. Judge G. T. Moeskes was such an ardent advocate of the plan that he became known as the father of it. The idea finally bore fruit and the order points with pride today to a reserve fund of a million dollars. Interest has always been kept high in educational work, many achievements being pointed to in this direction.

One of the memorable events in the

history of the order is the state convention held here in 1908 jointly with branch number 128. It was one of the best ever held. Seventeen members of the branch were mentioned also as having served in the world war, one of them, John W. Boehler, having died in battle.

Message of Cheer

The address of Attorney Patrick H. Martin, which followed, was a message of cheer and optimism to those who have seemed to find the present age a burdensome one. His subject was "The Church and the Times."

Mr. Martin stated that the one thing that could solve our present problems and the troubles of the world and the only thing that could allay the unrest and dissatisfaction was a return to the ideals and principles which were found in the teachings of the Nazarene. The trouble was not with the world but with the people in it. It is time for the people to cease being pessimists and become sane optimists.

Take Brighter View

"This is a great and good world irrespective of what anyone says," said Mr. Martin. "Sunshine and joy abound everywhere. People should take off their dark glasses and allow themselves to enjoy the things that God gave mankind instead of always imagining that they see nothing but the dark and discouraging aspect."

It is a man's religion that begets pessimism, Mr. Martin further remarked. It is true faith or faith in God that begets optimism of the right kind—the optimism that finds its joy in being helpful to others and in inspiring a readiness to do unto others as you would be done unto. When this spirit returns to the people, many of the things that appeared as almost insurmountable problems today would melt away as the snow does before the rays of the beautiful spring sun.

"Come out in the sunlight and quit remaining where gloom and doubt abound," said Mr. Martin.

Musical Program

A vocal solo was rendered by Miss Marie Schommer and a piano solo by Miss Helen Keller. Both are granddaughters of charter members and daughters of present knights. The meeting closed with cheers for the charter members and a rising vote of thanks to the ladies whose dinner and other efforts had made the occasion such an extraordinary success.

Card Party

The Young Ladies' Sodality of St. Mary's church will give a public card and dice party at Columbia Hall Friday evening, May 7th, at 8 o'clock. Prizes will be offered for bridge, schafskopf and dice and refreshments will be served. Admission twenty-five cents. 4-3, 5.

85,000 PIECES OF MAIL GO TO FARMS

RURAL CARRIERS HANDLE 3,258
PIECES OF MAIL DAILY,
QUARTERLY REPORT
SHOWS

Nearly 85,000 pieces of mail were handled by the seven Appleton rural carriers during the month of April. The quarterly count taken each day of the month to determine the amount of mail handled showed that an average of 3,258 pieces of mail go to the rural section every day, and that each carrier handles a daily average of 456 pieces, including both parcel post and letter mail. Practically every carrier showed an increase over the previous quarter.

The following shows how the count distributes itself:

Route No.	Carrier's Name	No. pieces
1	Joseph Tomic, Jr.	10,748
2	John H. Frende	12,796
3	George F. Grimmer	11,332
4	Frank O. Letts	12,283
5	Robert W. Rohm	11,373
6	Arnold J. Fetting	12,581
7	George Muehl	11,612
Total		84,725

AHRENS AND ZOLL ARE READY FOR THEIR BOUT

Eddie Ahrens, center farmer boy, and Martin Zoll, Green Bay middleweight, will clash in a finish bout at Gainer's hall, Mackville, Friday night. A number of local fans will attend the bout.

This will be the third bout between the pair and will settle the question of superiority for some time to come, as the match is to go to a finish, two out of three falls.

The grapplers fought a draw at the armory here several months ago. Later at Green Bay, Zoll won a single fall match.

FURMINGER QUITS AS MILL SUPERINTENDENT

H. S. Furminger, superintendent of the Fox River Paper company plant, has resigned. The resignation is understood to have taken effect May 1. Mr. Furminger has made no announcement of his future intentions, although he plans to take an extended vacation, probably including a trip abroad.

PICK THREE GIRLS FOR HONORARY SORORITY

Three junior girls were elected to Theta Alpha, senior honorary sorority, this year. Personality is the basis on which elections are made and the sorority is composed of young women who have proven their worth by service to their fellow students and the college.

The girls elected are Agnes B. Churchill, Milwaukee; Florence Clark, Asbury, Mo.; Dorothy Watson, Manitowoc.

Theta Alpha was organized in 1914. Eligibility consists in the completion of at least two and a half years of college work. Activity along spiritual, social and intellectual work is recognized and an average of F must be attained. The number of elections is limited to one-seventh of the girls in the junior class.

Fred H. Hartung was an Oshkosh visitor yesterday.

APPLETON FIRM IS HIT BY STRIKE OF 20,000 TIMBERMAN

G. W. JONES LUMBER COMPANY
MILLS ARE FORCED TO
CURTAIL OPERATIONS

The G. W. Jones Lumber company is one of the firms that suffers heavily because of the timber workers' strike now in progress, throughout Wisconsin and Michigan. A mill owned by the company at Wabeno and employing about 200 men is shut down completely with no prospect of resuming operations for at least a month or six weeks. H. C. Humphrey, treasurer of the company, is in personal charge of the situation there. Watchmen are kept on duty and fires kept in the boilers, but otherwise there is no work being done.

Another mill at Gibbville, Mich., which the company controls is still in operation and may not be affected by the strike. There are about half a dozen mills whose entire output is used by the local company, some of which are still operating. Two near Antigo have lost only about 20 men and one at Menominee, Mich., is at a standstill. The enormous demand for lumber presents a serious situation, but there is hope that it may be adjusted soon.

20,000 Men Out

Reports compiled to date indicate that about 20,000 men are striking at the present time, according to H. N. Hutchins. Most of these are employed in the camps and sawmills. Men who handle pulpwood do not belong to the timber workers' associations, as a rule, and there is therefore little prospect that paper mills will feel any effects from the strike. The principal demand is for an eight hour day with wages increased 25 cents a day. If the eight hour agreement is granted, it will mean more than 25 cents a day, as the men expect the same pay for eight hours as they received for ten.

Will Seek Settlement

A minimum wage of \$4 per day has been paid at the Wabeno mill of the G. W. Jones Lumber company, according to Mr. Hutchins. Most of the men received more than this amount. Two increases have been granted the workers since January 1. Nothing is being done to antagonize the men while they are striking. On the other hand every effort will be made to arrive at a satisfactory settlement so the mills can resume operations. The mills in the vicinity of Antigo do not seem to be affected as much as those at other points, most of them remaining in operation with only slightly reduced crews. There has been little rioting or commotion and it seems evident that the manufacturers will keep

their plants closed until the men desire to return to work. Adjustment to an eight-hour basis is said to be rather difficult, as most of the mills now operate two shifts, and any other arrangement might possibly mean three.

No Over-Production

Mr. Hutchins believes that there is not as large a supply of lumber in the north as was claimed in earlier news reports. The slump of shipping has caused an unusual amount of logs to collect in the north where at times they are usually distributed to the mills. People travelling through these regions therefore gain the impression that there is an over-production of logs this year, but this is not the case. This winter's cut will probably exceed last year's somewhat but will not amount to much more than the average.

LAWRENCE GETS SELF GOVERNMENT CHAPTER

Miss Agnes Churchill, Milwaukee, president of the woman's governing organization at Lawrence college, has returned from Ann Arbor, Mich., where she attended the seventh annual convention of the Middle Western Intercollegiate association for Women's Self-government, April 29-May 1. A chapter in the association was officially granted to Lawrence at this convention.

Lawrence is the third school in Wisconsin to receive a chapter, following the University of Wisconsin and Milwaukee Downer college.

Delegates from all the middle western states were present at the sessions. Various problems of women government were discussed and studied.

EDUCATION EXPERT TO BE HERE THURSDAY

Mrs. Sarah White Fleming, a representative of the state board of education will meet with the committee on education and culture of the Community Survey, at 1:30 o'clock Thursday at the library. Mrs. Fleming will explain how the state board wishes to co-operate with the survey committee in its work.

A.A.U. HOLDS UP NEW LONDON TROPHY

The board of managers and club representatives of the Central A. A. U. at a special meeting Monday night at Chicago, voted to hold up the trophy won by the New London Edison basketball five in the champion-

BRUSHED WOOL SCARFS \$7.00 and up.

ship tourney in March. The board took further action when it voted to drop basketball from the list of sports, because of the many professional teams which have played in past A. A. U. tourneys.

EAGLES TO ELECT OFFICERS TONIGHT

Officers for the ensuing year are to

be elected by the Fraternal Order of Eagles at a meeting this evening at Eagle hall. This is the first time in the history of the organization that Eagle officers are elected in the spring of the year. Heretofore the elections have been held in December but at the last meeting of the Grand Aerie it was decided to change the date.

YOUR NEXT TIRE GRIDIRON TREAD

Grip sure on all roads

IT has been said that you get a good car no matter what make you buy. But nobody claims that some cars are not better than others. Cars built by factories long in business, with the most experience, and with a large number in use and giving satisfaction, are the safest to buy. Similar reasoning applies to tires.

Kokomo White Gridiron Tread Tires with Gray Side Walls

are built by the oldest makers of tires in America. Kokomo tires were on the first automobile—then called a "Horseless Carriage"—more than 20 years ago. Experience in tire building DOES give Kokomo authority as tire builders. Their experience and tests have led to the use of fresh pure white rubber for their treads. It is tougher and stands the grind of smooth and the knocks and bumps of rough roads as no other substance can. Harder treads will not wear as well.

Kokomo Tires are guaranteed for 6,000 miles. If any other tread would make that guarantee safer, it would be used. Tests show that Kokomo tires give much better mileage than that, but adjustments are made on that basis without argument.

Kokomo red and gray inner tubes are, like the casings, just as good as conscientious workmanship and factory methods make possible.

Come and see us. We will tell you more about Kokomo Long Life Tires and Tubes.

GRAIN FUTURES ARE SLIGHTLY OFF TODAY

IMPROVEMENT IN WEATHER AND TRANSPORTATION CONDITIONS DEPRESS PRICES.

By United Press Special Wire
Chicago.—Grain futures declined on the Chicago board of trade today. Weather and transportation improvement were bearish factors. Extensive covering by shorts in recent trading had about filled contracts and there was little demand. Provisions weakened with the grains.
May corn opened at \$1.83 1/2, up 1/4, but later lost 1/4. July corn, up one on opening at \$1.69, lost 1/4 in later trading. September corn was off 1/4 at the opening, \$1.61, and declined 1/4 thereafter.
May oats was one down at the opening, \$1.00, and dropped to \$1.04 1/2. July oats opened at 92 1/2, down 1/2, later losing one cent. September oats after an opening decline of 1/4, dropped 1/4 to 76 1/2.

SPEAKING CONTEST TO BE HELD MAY 18

VALUABLE PRIZES WILL BE OFFERED THE WINNERS IN A DEBATE COMPETITION

The annual oratorical and extemporaneous speaking contest, conducted by Lawrence college, known as the Lawrence Interscholastic Competition in Speaking, and open to all high schools in the state, will be held May 18, it was announced today.
Fifteen schools, with one representative in each contest, have entered the competition. The preliminary events will be held in the afternoon at Main hall, and the final, with six speakers competing, at Peabody hall in the evening.
Scholarships, cash prizes and medals, aggregating more than \$700 will be offered in prizes to the winners. Winners of first place in each event will receive two year scholarships and gold medals. Contestants winning second place will be awarded one year scholarships and silver medals. A cash prize of \$50 is offered to the winners of third place.

1,800 ELECTRICIANS GO ON STRIKE TODAY

By United Press Special Wire
Schenelectad, New York.—Eighteen hundred men, members of the Electrical Workers' union, employed by the General Electric Company, walked out today.
It was reported 3,000 more will quit. The men demanded the company either compel four men to pay their dues to the union or discharge them.

ELKS TO BURN MORTGAGE BONDS TOMORROW NIGHT

Burning of second mortgage bonds on Elk club house tomorrow evening will be made an elaborate affair by local Elks. The program will begin with a dinner at 6:30 o'clock, to which every Elk is invited and will be followed by a vaudeville program. Three acts have been booked through the Western Vaudeville agency and a program of exceptional excellence is expected. The old bonds will be burned immediately thereafter. Addressees are to be delivered by past exalted rulers of the lodge. They are F. S. Brandford, J. P. Frank, F. P. Young, and Louis Bonini.
The committee in charge has promised this to be one of the most elaborate affairs staged by the Elks in many months and a large attendance is expected.

SECRETARY OF STUDENT VOLUNTEERS IS HERE

Miss Mae Fleming of New York, traveling secretary for the Student Sealed Bids
Sealed bids will be received by the undersigned for trenching and backfilling for water mains according to plans and specifications on file in the office of the water department.
A certified check in the sum of 10 per cent must accompany each bid.
All bids must be in the office of the water department not later than 12 noon May 15th.
The commission reserves the right to accept any or all bids.
Dated, Appleton, Wis., May 5, 1920.
Appleton Water Commission
Fred R. Morris, Sec'y.

Volunteers, is spending the day here as the guest of the college. She is holding various meetings with the members of the Y. M. C. A. and Y. W. C. A. Cabinet for the purpose of discussing their problems. She presented a short talk this morning in chapel to the entire student body.

RED CROSS FINDS HOME FOR EVICTED FAMILY

The Home Service section of the Red Cross has finally succeeded in finding a home for the widow and four small children who were evicted from a house which they rented and which was recently sold. Notice of her plight in the paper brought an avalanche of telephone calls to the office, most of them being for one or two rooms. An upper apartment with ample room for the homeless five was chosen. The mother is exceedingly grateful for the ready response to her appeal, as it appeared for a time as if she might have to send her children to the Home for Dependent Children at De Pere.

FIRE DEPARTMENT OUT BUT ALARM IS FALSE

A second false alarm within a week called the fire department to box 47, corner of Lake and Foster streets, at one o'clock Tuesday afternoon. The guilty person is not known, although it is supposed that some children were tampering with the box.

The "forlorn hoop," from which the expression "forlorn hope" originated, was a body of men, usually volunteers, selected to lead an assault or perform some other service attended with uncommon peril.

JOHNSON LANDSLIDE IN HOMESTATE; WOOD LEADING IN INDIANA

(Continued From Page 1.)

centers, with Wood doing his support from the rural district.

Advance information on the Missouri convention issued by the instructed delegation with Wood and Lowden showing the most strength.

Cox Gets Kentucky
Louisville, Ky.—Governor James M. Cox of Ohio will have support of Kentucky's 26 delegates to the Democratic national convention at San Francisco.

The state convention, meeting here, voted just before adjournment early today to send the entire delegation to the coast pledged to the Ohio governor.

Eight delegates, each with half a vote, were named by the convention. They were: Senator A. O. Stanley and J. C. W. Beckham, Congressman A. W. Barkley and Ben Johnson, Desha Beckenridge, Miss Laura Clay, Mrs. Nora Layne and Mrs. Cora Wilson Stewart.

Women sat in the state convention yesterday for the first time.

Hoover Satisfied
New York—Surprise that he made as good a showing as he did in the California primaries was expressed here today in a statement from Herbert Hoover.

"With a group of amateur clubs only a month old, they were of course handicapped in opposing the regular party organization, but the real situation is that the people of California have been much torn between their loyalty and friendship to the senator for his able rescue of the state during his governorship from vicious corporation control and his too narrow vision on our international necessities. The fact that in these circumstances more than one-third of the party protested against this latter view should strengthen the support of the republican majority in the senate."

Barney McGillan of Green Bay was in Appleton yesterday calling on friends.

FLAG PRESENTATION DEFERRED TO TUESDAY

The flag presentation ceremony planned for Thursday evening at the armory by the Oney Johnston Post of the American Legion has been postponed until Tuesday evening of the coming week.

The Women's Relief Corps is to present a beautiful new American flag to the post as a tribute to the devotion of veterans who take up the reigns of those who pass on.

James D. Hanchett, commander of the George D. Eggleston post of the Grand Army of the Republic, is to give an address.

The usual meeting of the post is to be held Thursday evening at the armory, which is the flag presentation has been postponed. Officers are to be elected for the coming year and a delegate is to be named to the state convention at Green Bay next month.

MILITARY TRAINING BEFORE M.E. MEETING

By United Press Leased Wire
Des Moines.—The Methodist general conference, meeting here, will be given an opportunity to go on record for or against military training. Chaplain Oliver, special delegate from Washington, D. C., declared today.

He will introduce a resolution endorsing the military training of the United States army. Oliver said.

William J. Bryan is the principal speaker on today's conference program. He will arrive late today and deliver his address before the conference tonight. His subject was not announced.

PROMINENT LAWYER DIES AFTER ACCIDENT

By United Press Leased Wire
Milwaukee.—Burr J. Scott, 36, prominent attorney of Milwaukee and Janesville, died at a hospital here last night three hours after his machine, with two women passengers, overturned on the River road two miles from Waukesha.

The party is reported to have been on its way to Red Circle Inn. The two women, carrying the body of their escort to the nearest home, sent a child into Waukesha for a physician.

Dr. W. A. Campbell responded and rushed the injured man to Milwaukee.

WOOD KEEPS HANDS OFF CAMPAIGN MANAGER ROW

By United Press Leased Wire
New York—Major General Leonard Wood intimated this afternoon that he would refuse to decide the controversy between Colonel William C. Procter and Frank Hitchcock over control of his campaign organization.

"So far as I know, they will continue to function in their present capacity," Wood said.

Procter is national chairman of the Leonard Wood League and Hitchcock was named national campaign manager, but both have acted in the capacity of managers.

WIFE AND CHILD VANISH WHEN HUSBAND APPEARS

By United Press Leased Wire
Chicago.—Police of Chicago and several north shore towns today are searching for Mrs. Ruth Brennan, 21, and her baby daughter, mysteriously missing since Thursday.

The woman was said to have left Waukegan shortly after the appearance of her divorced husband, Edward E. Brennan, former pugilist, who was a boxing instructor at the Great Lakes Naval Training Station during the war.

Police are also looking for Brennan.

ABOUT TOWN

COUNCIL MEETING—A regular meeting of the common council will be held at the city hall tonight. The business to be disposed of will be of a routine nature.

BUILD FAST BOAT—A speed boat, which promises to be one of the fastest in the state, is being built at Oshkosh for Mowry Smith, Neenah, well known in this city. The boat is to be equipped with a 200 horse power motor, and will be capable of making 36 miles an hour.

ELK INITIATION—The Elk will initiate several candidates tonight. The ceremony will be followed by a lunch.

CLASS PLAY—The senior class of the Little Chute high school will present its class play, "Mr. Bobb," at the Little Chute theatre next Friday evening. As considerable time has been spent in rehearsals the play promises to be well presented, personal.

BORAH WANTS TO KNOW WHO IS BACKING WOOD

By United Press Leased Wire
Washington.—Senate leaders today were consulting on a renewed demand by Senator Borah for investigation of General Wood's campaign expenditures.

Following receipt of information concerning the Ohio and Indiana primary campaigns conducted in behalf of General Wood, Borah renewed his demand that a proper committee be instructed by the senate to make inquiry.

Borah's friends said today that they will not consent to an investigation unless they are satisfied with the committee.

FARMERS BUY MACHINES WHEN MEN ARE SCARCE

By United Press Leased Wire
Chicago.—Shortage of help has caused an unprecedented demand for labor saving machinery on farms this year, officials of agricultural equipment concerns here said today.

"Inclement weather, which delayed seeding, caused farmers to purchase tractors and other machinery in an effort to get in full acreage and a good crop this year," F. W. Cloman, manager of one tractor company, said.

"Of course the serious shortage of farm hands is the biggest factor."

Officials of other agricultural machinery firms, expressed similar views.

SHIPPERS ANXIOUS TO PROTEST FREIGHT RATES

By United Press Leased Wire
Washington.—The interstate commerce commission today prepared to give an early hearing to shippers anxious to protest approval of the petition of railroads for freight rate increases totalling approximately \$1,027,000,000 annually.

Fixing of new rates, regarded as certain to be an increase, will take much of the commission's time until September 1, officials expected.

In finding new schedules, the railroads served notice that the increase is necessary to insure a return of six per cent on valuation.

LITTLE HOPE FOR BONN'S BILL BEFORE AUTUMN

By United Press Leased Wire
Washington.—No further action on the soldier bonus bill is probable in the house before the end of this month, which would be too late for final action before the convention, Representative Akerman, New Jersey, said today.

Akerman issued a statement announcing he had changed from an advocate of the soldier bonus to an opponent.

D.I. FRAT TEAM GOES INTO FIRST POSITION

Delta Iota team went into the lead in the fraternity baseball league by handing Theta Phi squad a tasty 9 to 2 trouncing at Lawrence field Tuesday afternoon.

The brilliant pitching of Art Wheeler, who held the Thetas to a single bingle, a double by Doering, featured the contest. Wheeler was in superb form and struck out sixteen men. Errors in the fourth round paved the way for the two Theta runs. "Punk" McGlynn was behind the plate.

The Deltas hit Brumm all over the lot, connecting safely seventeen times. The victors appear to have the strongest team in the league. Last Friday they defeated the Sigma team 17 to 2.

CLEWS TO AGED PASTOR ARE FOUND IN RIVER

Darlington, Wis.—The search for Dr. William Bray, 88 year old Congregational minister of Summit, N. J., who disappeared here on April 21, shortly after he arrived to visit his brother, John Bray, was continued without success on Tuesday.

The river was dragged and the only clues found were a hair brush and comb and a tooth brush. Gray hairs were found in the comb, indicating that the owner was an old man.

A son of Dr. Bray, from Sheldon, Ia., traced the course of his father from Sheldon to Darlington, and found that he was noticed at several points along the route.

A new angle was added to the case on Tuesday, when it was discovered that Dr. Bray was formerly pastor of the Congregational church at Kenosha and that while there his wife had died and had been buried in the "Kenosha cemetery." It is known that Dr. Bray had intended visiting "Kenosha" after leaving Darlington and an effort will be made to locate him in the former city.

Dr. Bray was known as far back as 188 A. D., when Catharine More, a widow who ruled over Lenox, bequeathed a billiard outfit to his son.

THE PETTIBONE-PEABODY CO.

Tub Frocks For Girls

School girls of eight to sixteen years will want many of the charming tub frocks made especially for them. And no wonder, for they are in the quaint and lovely plain chambrays and gingham in such uncommon colors as jade, maize and orchid. There are also dashing plaid gingham and delightful flowered voiles to supplement one's supply. The beauty of these frocks is in their naive simplicity. Priced from

\$3.75 to \$15.00

For Juniors and Smaller Girls

the models are youthful and fresh looking and the fabrics of a quality which can be easily laundered. Chambrays and gingham, and white and colorful voiles and organdies. Sizes three to seven years at \$2.25 upward to \$12.00.

NEWS OF OUTAGAMIE COUNTY AND WISCONSIN

FOND DU LAC VOTERS ORGANIZE TO ELECT BETTER OFFICERS

GOOD GOVERNMENT CLUB IS FORMED BY NON-PARTISANS SICKENED BY BIG PARTIES

Fond du Lac, Wis.—Adopting a declaration of principles similar to those which form the platform of the Ripon Good Government club, a group of 100 Fond du Lac men organized the Fond du Lac Good Government club.

The Fond du Lac, like the Ripon club, is an organization of independent voters who seek through organization to foster American ideals and work for cleaner politics and less partisanship. Emphasis is placed on the necessity for organization to combat Red propaganda and other forces seeking to destroy the constitutional government.

Include Other Towns

Maj. Ryan Duffy, president of the organization, was instructed to be ready at the next meeting, in one week, with a list of ward captains

Farrell's
40c a pound
There are others cheaper — but none as good.

and captains for the neighboring towns.

The committee which drafted the declaration of principles was instructed to write a preamble and incorporate the whole in a pamphlet, of which 10,000 copies are to be published for distribution in factories, stores and on the farms. The cost of publishing these pamphlets and other expenses of the organization is to be met by voluntary contribution. T. L. Doyle, former mayor of the city, spoke of the need of bringing out a better type of men as candidates for office. He urged that at the very least, all county and state officers be elected on a nonpartisan basis.

"Until you are organized and can make men of this type feel and see that it is their duty to give their services to the nation for a time at least, and are able to assure them the support necessary to elect them over the office-seeking politicians. It will be impossible to get the type of men you want into office," he said.

The 12 Pollett men who struck a discant note at the initial meeting, were not present. Roy L. Morse, chief lieutenant of the Phillips forces in Fond du Lac county, signed a card indicating his desire of joining the organization.

Professing that he is a "Republican by inheritance, a Democrat by habit and a Prohibitionist by contributory negligence," Mr. Morse declared that he had purposely remained away from the first meeting as he did not believe in the purposes of the organization feeling that every man elected to high office must first be selected by a political party.

Professing is denounced

"Put conditions as outlined by the speakers here convince me that the time is soon coming, if indeed it has not already arrived, when we must set together regardless of party, to fight those who would overthrow our government, and I think possibly clubs similar to this if generally organized are the agency needed to wage this fight for Americanism," Mr. Morse said.

The declaration of principles declares for constitutional principles as opposed to "destructive elements which are now at work to overthrow the same," for nonpartisanship and opportunity for the independent voter; deprecates petty partisanship in

law-making bodies; favors teaching Americanism in schools; denounces profiteering and price-fixing by any body of men or corporations; denounces the use of the press for the circulation of inflammatory matter.

The declaration says "we stand for the unprejudiced and equitable treatment of capital" and "we assert our friendly acknowledgment of assets or labor unions and recognize their assistance in the development of better workmen and better conditions, but we admonish them of their responsibilities."

DELTA IRON MINE TO BE OPERATED AGAIN

Many Improvements Are Necessary Before Production of Iron Ore Can Be Started, However

Florence, Wis.—The Delta mine in Iron County, Mich., formerly the property of the St. Clair Mining company, has resumed operations. After prolonged negotiations the Delta recently became the property of the Wickwire people. The deal included the purchase of the entire equipment and holdings.

As soon as arrangements can be made for hoisting and shipping, the mine will be placed on the shipping list. All exposed ore will be mined as soon as the machinery has been installed, which will probably be in about two months. A large part of the exploration machinery, formerly used in the mine, and which was never moved, will be used to open up the property. It will be necessary to erect a new shaft house before active operations begin.

Superintendent E. C. Bowers states that the company expects to ship much ore from the property this summer. The ore will be increased gradually as operations expand and 150 men will probably be employed before the close of the summer.

Capt. J. N. Porter of the Riverfront mine opened the Delta in the early sixties. During the panic of 1893 the Oliver Mining company acquired the property but never fully developed it. The St. Clair Mining company took over the Delta in 1913.

RACINE CITY WANTS MORE SUPERVISORS

CITY MAY BE REDISTRICTED TO GIVE IT MAJORITY ON THE COUNTY BOARD

Racine, Wis.—With the city of Racine paying \$5 per cent of all state and county taxes in this county and having a minority vote on the board of supervisors, city officials have agreed on a plan of redistricting the city to increase the number of wards from 15 to 20.

The county board has a membership of 32, of which 17 are from the county districts. Because of having a majority, the county members elect a chairman, who appoints the standing committees.

Seek Committee Control

City members want one of their number to be chairman and want the city to have a majority on the committee on equalization, and also to have two members of the highway committee. These are two of the most important committees.

It is planned to so change the ward boundaries as to divide as near equal as possible the population of nearly 50,000 into 20 districts, thus giving each district or ward 2,500 inhabitants. Each of the present 15 wards, with no exceptions, has from 3,700 to 5,000 inhabitants.

Move May Be Countered

As soon as the city begins redistricting county members may become active to create new villages or add more wards to present villages or the city of Burlington.

Residents of Lakeside, a manufacturing suburb south of this city, are planning to incorporate as a village and will have representation on the county board. The board will convene May 11 and organize.

DRIED DYNAMITE: CAN'T FIND HIM

(Special to Post-Crescent)

Manchester.—Jacob Wirth put dynamite beneath his stove to dry it out. Twenty minutes later there was no stove, no house and the neighbors were trying to find Mr. Wirth.

BRANNON REMAINS AT BELOIT COLLEGE

PRESIDENT DECIDES TO REMAIN AFTER MISUNDERSTANDING IS IN CLEARER AWAY

Beloit, Wis.—With the clearing away of misunderstandings, the resignation of Dr. Melvin A. Brannon as president of Beloit college has been withdrawn.

Action by the Beloit Chamber of Commerce, of which Dr. Brannon was once president, had to do with the adjustment.

Question of Toleration

Dr. Brannon resigned months ago. It was said that his reasons were connected with the \$5,000,000 fund drive of the Wisconsin Colleges Associated and because of criticisms of what was thought to be a too liberal toleration toward freedom of thought and speech in the college on present day social questions.

Dr. Brannon consents to stay at Beloit after the adoption of a policy by the board of trustees, which includes "a liberal policy relative to the educational function of the college" and "a determination on the part of the student body to develop a vigorous academic democracy, which will prepare them to safeguard the political policy of Lincoln relative to industrial society and government."

The Rotary club of Beloit and the students and faculty of the college presented resolutions to the trustees asking that Dr. Brannon continue his services as head of the college.

Last January a protest was made to President Brannon because Prof. M. H. Hedges had written a novel, Iron City, depicting life in college and faculty.

Prof. A. E. Suffer of the economics department denounced Garyism as a maker of revolutions, and Prof. C. D. Crawford of the department of public speaking interpreted law and order in the light of Christian justice.

Dr. Brannon saw no reason why these things disqualified these men as teachers and resigned because he was expected to rid the college of progressive spirits.

His stay is regarded as a victory for academic freedom.

CHINESE STUDENTS ARE

Madison, Wis.—With Chinese novelty acts, playlets based on ancient customs, and oriental theatrical singing, the Wisconsin Chinese Students' club, led by Keats Synn Chu, of Ningbo, China, and Ming-Heng Chow, of Shanghai, China, presented its annual entertainment to hundreds of students, members of the faculty and residents of Madison.

An exhibit of oriental books, writing paper, documents, coins, embroidery and Chinese gods was one of the features of the evening. Models of ancient gods, some of which were made 500 years before the birth of Christ, were displayed.

Chinese national anthems, Chinese boxing and fencing, shuttle-cock playing, and a play, Between Smiles and Tears, depicting the old Chinese school times completed the program.

A Chinese act entitled Lantern Greetings was unique. Students carrying three-sided, lighter lanterns, each side bearing a different arrangement themselves to spell out Success, Freedom and Peace, China Greatly You, Sister Republic, and Right Is Might.

RACINE IN CONTROVERSY OVER DAYLIGHT SAVING

Racine.—So much opposition has arisen against adoption by the common council of a daylight saving ordinance that the aldermen do not know what course to pursue when the matter comes up for vote Tuesday.

Merchants, manufacturers, clerks, factory workers, teachers, bankers and other are divided. Factory employees who voted on the question have declared at public meetings that they were informed that if they did not vote for the plan they would have to seek work elsewhere.

Bankers say they cannot put the clocks one hour ahead because of working with Chicago and Milwaukee banks, but if the plan is adopted, they will open the banking houses one hour earlier and close an hour earlier each banking day.

The local postoffice will be compelled to observe the same hours as at present, because of the time of arrival of heavy mail trains in the morning.

DOG LEADS MAN TO WIFE'S SUICIDE SPOT

Ladysmith.—A pet dog owned by Henry Mihm, prominent resident of this city, led him to the spot where his wife committed suicide, but too late.

When Mr. Mihm returned from work his wife was absent. The actions of the dog, that kept pulling at his trousers less, convinced Mr. Mihm that something was wrong. The dog led him to the bridge over the Fox river. It was dark, but on reaching a point near the center of the bridge, Mr. Mihm saw his wife poised on the railing. She turned, said "Good-bye, Henry," and leaped into the river before he could reach her.

JUNEAU WILL PRESS DEMAND FOR STATION

Juneau, Wis.—Disappointed in the promises of the Chicago & Northwestern Railway Co., Juneau business men will reopen their fight for a passenger depot before the Wisconsin railroad commission. Some time ago positions were prepared with this end in view, but learning of the movement railway officials conferred with a committee of the Juneau Advancement association and asked for time, giving assurances that Juneau was in line for a new structure and that plans were under consideration.

Division Superintendent F. D. Pond is now informing the committee that the Northwestern finances will not warrant the improvement. The association will file its petition with the commission and make a vigorous fight for better depot facilities at the county seat of Dodge county.

TO OUR PATRONS:

Capital for plant extensions of the Telephone Company is obtained through issuance of stocks, bonds or notes.

Reconstruction projects and new or expanding industrial undertakings are in the market for new capital.

Foreign governments are seeking loans for the rehabilitation of the devastated domains.

Competition for capital was never so keen and borrowers must show, beyond question, their ability to earn and pay interest and dividends.

The rate schedule is the index to the borrowing power of the Telephone Company. It should be liberal enough to demonstrate conclusively that the Company will promptly carry out its obligations to stockholders and bondholders.

WISCONSIN TELEPHONE COMPANY.

THOS. F. GARLAND, Mgr.

The Whang-Bang Special

FLOORENE applied to your floors or linoleum insures a smooth, hard, lustrous surface over which the children's "Whang-Bang Special" travels at full speed—and no marks are left by either toys or heels. All mud tracks or other dirt may be wiped up with clear cold, or warm water, doing away with the drudgery of scrubbing.

Floorene

You will find it easy to apply this wonderful finish yourself if you wish to do so, and it will be found excellent for all interior woodwork or for touching up the furniture.

FLOORENE is a high grade varnish coating that wears and wears, and for that reason is most economical.

Insist on having **FLOORENE**, take no substitutes

CHANDLER SIX
Famous For Its Marvelous Motor

See How Chandler Checks With High-Priced Cars

THE Chandler Six throughout its seven years of production has been distinguished for its many distinctively superior features of design and equipment which are used also on the highest priced American cars, and not used in any considerable degree by cars now priced hundreds of dollars higher than the Chandler. See, then, how the Chandler checks with ten of the best-known high-priced cars in these features selected as being characteristic of high-grade design and most efficient service.

Superior Chandler Features and the High-Priced Cars that use Them

ONE PIECE ALUMINUM MOTOR BASE, which ties the frame of the car together at four points, thus providing a stiffer frame as well as a more rigid motor mounting. Also used by Packard, Locomobile (Bronze), Mercer, Winton, Fiat, Brewster, Stutz, Pierce-Arrow.	TORQUE ARM OR TUBE. Also used by Pierce-Arrow, Locomobile, Brewster, Winton, Cadillac, Packard, Stutz.	Pierce-Arrow, Fiat, Brewster, Packard, Locomobile.
SILENT CHAIN DRIVE for Motor Shafts. Also used by Winton, Packard, Cadillac, Brewster, Fiat, Mercer.	ANNULAR BALL-BEARING TRANSMISSION. Also used by Winton, Stutz, Pierce-Arrow, Brewster, Cadillac, Fiat, Locomobile, Packard, Marmon.	ANNULAR BALL-BEARING REAR WHEELS. Also used by Packard, Stutz, Locomobile, Marmon, Pierce-Arrow, Fiat, Mercer.
	ANNULAR BALL-BEARING DIFFERENTIAL. Also used by Marmon, Stutz,	HIGH TENSION MAGNETO IGNITION. Also used by Locomobile, Mercer, Fiat, Brewster, Winton.

THEN, see how these seven cars—sixes which may be considered competitive to the Chandler—do NOT check

One car, listing at \$2975, checks with Chandler in only one feature	One car, listing at \$2195, checks with Chandler in only two features
One car, listing at \$2685, checks with Chandler in only three features	One car, listing at \$2845, checks with Chandler in only two features
One car, listing at \$2440, checks with Chandler in only one feature	One car, listing at \$1945, checks with Chandler in only one feature
One car, listing at \$2250, does not check with Chandler in any feature	

Not a single one of the seven makes of medium-priced Sixes referred to offers you High Tension Magneto Ignition. The Chandler offers you Bosch, recognized the world over as the best ignition system. Only one of them offers you the silent chain drive, although another one of them in its higher-priced model (\$3450), incorporates this feature.

These Statements are Facts and they Give You a Few of the Reasons for Chandler Leadership

The specification data quoted is substantiated, in every instance, by the manufacturers of the cars referred to.

Making 9=23

THE number of motor vehicles in use in the United States during 1919 increased 23.2 percent over 1918. For the same period the production of gasoline increased only 9 percent.

To supply gasoline for the greatly increased fleet of motor vehicles is the problem confronting the petroleum industry.

To date, the solution of this problem has been possible by reason of the reserve stocks on hand. This bulk storage has served as an expansion and contraction factor to keep supply equal to demand.

In the 11 states it serves, the Standard Oil Company (Indiana) maintains 3780 bulk storage stations where stocks of gasoline are carried sufficient to meet the normal demand, with a reserve for almost any emergency.

Had it not been possible to keep this tremendous reserve in the field, thousands of motorists would have been unable to operate their cars during the late transportation troubles.

This equipment, representing an investment of millions of dollars, is managed by alert men, trained to serve you. So far it has proved itself equal to any demands made upon it.

The foresight of the men responsible for the operation of the Standard Oil Company (Indiana) has enabled them to estimate accurately the probable needs of the motorist for gasoline, and they have located bulk and service stations at convenient points throughout the territory, where the needs of the buying public can be supplied quickly and easily.

This emphasizes the benefits derived by the public from the efficiency of a company as big as its job.

DEVELOPMENT IS AIM OF NATIONAL GUARD

ATHLETIC TRAINING WILL BE INCLUDED IN PROGRAM FOR NEXT YEAR'S WORK.

Madison, Wis.—One of the big lessons drawn out of the war so far as the training of the masses of young men of Wisconsin is concerned is to develop them physically, said Gen. Orlando Holway. "The close fighting on the French and Belgian fronts demonstrated that a man must be physically sound and aggressive and with those lessons fresh in our minds one of the main objects of the Wisconsin National Guard will be to develop the young men of the state. Both armory and camp drill will be intermingled with athletic exercises with that object in view."

There is no intention, he said, of making the drill strenuous or monotonous. The War Department is now working on an athletic manual and as soon as it is completed it will be put into use in Wisconsin. It is predicted that within a year a big difference will be seen in the set up of the 10,000 men in the Wisconsin Guard. While inter-company boxing and wrestling matches are to be staged, the idea is not to devote too much time to the man who is already trained, but to those who need it. One of the things planned is a state basketball tournament among national guard teams for next season.

While it is generally known that the strenuous bayonet drill during the war days was carried out more to develop men than to teach how to use the bayonet in combat, it will not be necessary in the guard to make the drill so strenuous, for there will be more time to train the soldier and the work will be taken up gradually and systematically. To give the young men of Wisconsin the proper strength and carriage will be one of the big objects of the guard.

"Pick It Up"

LOVERS STRIKE LEGAL SNAG IN GRETTA GREEN ESCAPE

(Special to Post-Crescent)
(By Milton Bronner)
London.—The runaway romance of Leonora Darby, which had all England by the ears for days, has served to show that eloping to Scotland for a Greta Green marriage (popularly supposed to be "dead easy"), is not so simple as it looks.

Leonora was pretty. She was the only child of well-to-do people. She was a bronze medalist at the Royal Academy of Music, where she was studying violin. She had not a mysterious and good-looking young Frenchman, who was greatly enamored of her. And then one day she disappeared, leaving a note, saying some debts worried her and intimating she was going to commit suicide. Police never did believe she was in earnest. They stuck to the theory of an elopement and for days all the detective forces of the kingdom were watching ports and railroad stations and following up clues.

And then Leonora and her lover were found spending their honeymoon in a Liverpool boarding house after having been married in Scotland.

But organizations, having to do with the welfare of young girls, were worried lest her example might be followed by others who were not as fortunate as she was. Therefore they killed the Greta Green myth by digging up a law which renders a marriage illegal unless one of the parties has resided in Scotland for at least 21 days.

"Pick It Up"

ASK STRIKERS TO ENTER OTHER PRODUCTIVE WORK

Rhineland, Wis.—That he would ask for the maximum penalty for any strikers arrested and convicted on charges of causing trouble, was the ultimatum issued by Dist. Atty. A. J. O'Mella in an open letter to the sheriff and chief of police.

The letter marks the first move in the strike of the timber workers called for Monday to get an eight-hour day. Rhineland is the headquarters for the district.

The C. C. Collins Lumber Co., in an announcement to its employees published in local newspapers urges the men to go to work on farms or to produce something while idle. The announcement declares that the company will not consider an eight-hour day at this time.

The strike will effect around 15,000 men in northern Wisconsin as well as large numbers in Michigan and Minnesota.

"DANDERINE"

Stops Hair Coming Out; Doubles Its Beauty.

A few cents buys "Danderine." After an application of "Danderine" you can not find a fallen hair or any dandruff, besides every hair shows new life, vigor, brightness, more color and thickness.

HAD A HEADACHE EVERY MORNING

MILWAUKEE MAN COULD HARDLY EAT AND WAS MISERABLE ALL THE TIME

"I have been taking Tanlac only three weeks, but already I have gained nine pounds in weight," was the statement made recently by Paul Potrykus of 377 Rogers St., Milwaukee, Wis. For the past twelve and a half years Mr. Potrykus has been an employee of the Filer and Stowell Co.

"Yes sir, I have had my share of suffering during the past five years, and I kept going from bad to worse until I was almost a wreck," he continued. "My appetite was so poor that I ate practically nothing and the little I did force down only caused me trouble. I had severe pains in my stomach and around my heart and I would bloat up with gas that left me with a heavy, stuffy feeling all the time. I had pains across the small of my back that were so awful I could hardly bend over. I was almost afraid to climb a ladder to do my work. As I would have such blinding, dizzy spells that I would nearly fall off. My sleep was restless at night and I was losing weight and strength right along. Every morning I always got up with a raging headache and it kept me in misery all day long."

"I will always be grateful to the friend who told me what Tanlac did for him and advised me to try it, because it was just the thing I needed and I had never before taken it if it hadn't been for him. So far I have taken only three bottles of Tanlac, but already it has made a different man of me and I want to tell the world about it. I am enjoying everything I eat now, for it agrees with me and I never suffer afterwards. Gas has stopped forming and the pains in my stomach and around my heart are things of the past. I can do any kind of work now, as I am no longer bothered with dizzy spells or headaches. I sleep sound at night and get up of mornings feeling just fine. Yes sir, I can certainly recommend Tanlac, for as a medicine I think it has no equal. Tanlac is sold in Appleton by John E. Voigt, F. O. Town, Shiloh, Dr. J. M. Sattler, Bear Creek.

STATE DEPARTMENT WARNS AGAINST ARMING REBELS

Seceding Mexican State of Sonora Will Not Be Aided by U. S.—Arms Issued Only to Holders of Government Licenses

(By Harry B. Hunt)
By United Press Licensed Wire
Washington.—The United States government will not permit exportation of arms or munitions to the seceding Mexican state of Sonora, Charles M. Johnson, chief of Bureau of Mexican Affairs of State Department, declared today.

All exportation of arms, munitions and explosives from United States is prohibited by proclamation of the president, made July 12, 1919, except under license issued by the State Department.

"The State Department," says Johnson, "has refused and will refuse to license the export of arms or munitions to any faction within any country."

"The only licenses granted for shipment of arms, munitions or explosives into Mexico are made for the personal use of American citizens traveling in Mexico or for American mining concerns."

"American citizens wishing to carry a revolver or rifle and a hundred or so rounds of ammunition on their travels in Mexico are issued a license. Licenses also are granted for the shipment of a reasonable quantity of rifles and ammunition to responsible American mining concerns—say 10 or 20 rifles and a few hundred rounds of ammunition, provided their request is endorsed by the American consul for their district. Explosives for mining also are licensed direct to these companies."

"There will be no licenses granted to any faction of Mexicans and exportations without license will be closely guarded against."

"Pick It Up"

IS KILLED HURRYING TO MOTHER'S BEDSIDE

Racine, Wis.—Leo Crane, 33, of Kalamazoo, Mich., was killed instantly Saturday night while hastening to the bedside of his mother, Mrs. Henry Crane, postmistress at Franksville, a small town near Racine. The mother died an hour after her son was killed.

Mrs. Crane was taken suddenly ill and a message was sent to the son asking him to come. He started in an automobile, hoping to make connections with a fast train that would have reached Racine Sunday morning. A broken wheel resulted in the accident that caused Crane's death.

The body of the son has been sent here, and a double funeral will be held at Franksville. Mrs. Crane was the wife of Henry Crane, pioneer merchant of Franksville.

"Pick It Up"

MARINETTE BOY KILLED IN AIRPLANE ACCIDENT

Marinette, Wis.—The body of George Waverneck arrived in Marinette from Riverside, Calif. The young man lost his life when the airplane in which he was a passenger crashed to the earth. Mr. Waverneck had been in service six years and was overseas during the war. His term of enlistment expired in May, when he intended returning to his home in this city. A military funeral was held from Our Lady of Lourdes church, the Rev. Father F. G. Tully being the celebrant of the requiem.

HE JOINED OVERALL CLUB BY FORCE

(Special to Post-Crescent)
Oklahoma City.—His papa owns one of the town's leading clothing stores. When he sought to stem the tide of denim with a tactful "tosh!" classmates changed his clothes for him. The overalls they chose, were greasy machine shop garments.

SWEDEN LEADS IN SOCIALIST RULE

BRANTING'S FIGHT AGAINST NOBLES BRINGS SOCIAL-DEMOCRATS TO KING'S CABINET.

(By Milton Bronner.)
(Special to Post-Crescent.)

London.—In Sweden 15 years ago it was considered that members of the Liberal party were unfit to govern. This was deemed the absolute privilege of the Conservatives.

Today the king presides at cabinet councils, all of whose members are Social Democrats, five being of the "Intellectual" type and the remaining six being genuine workmen.

In other words, Sweden leads all the world in having the first genuine Social-Democratic government. Russia's government is anarchist and that of Germany, under Ebert, was a non-descript.

The man who has brought this state of affairs in the once aristocratic "France of the north" is Hjalmar Branting, one of the greatest figures in Europe.

In assuming office Branting said his program of democratic reforms was inspired by the hope of abolishing social antagonisms and laying the basis of a happy future for the whole nation. A new Riksdag will be elected this fall and at present it is believed Branting will be returned at the head of a clear majority of the members.

IN CONSTANT USE BY PHYSICIANS EVERY DAY

Medicinal Value of S. S. S. Is Fully Recognized.

Almost every human ailment can be traced, one way or another, to impurities in the blood. So you cannot overestimate the importance of keeping your circulation built up, so that your heart will be constantly pumping rich, red, life-giving blood to all parts of the system. Any slight disorder or impurity that creeps into the blood is a source of danger, for every vital organ of the body depends upon the blood supply to properly perform its functions. It is quite true that practically every one is equally exposed to the attacks of disease. You are just as liable to be attacked as the man or woman sitting next to you on the street car. It all depends upon the condition of your blood. If it is thin and impoverished, and has been allowed to reach a low state by the accumulation of impurities, you have not sufficient vitality to resist these germ attacks, and they find a fertile field in your system to spread disease.

Over a hundred years ago the Indians made many excellent remedies and tonic from roots and herbs gathered from the forests. One of these formulas was handed down to the white man and for more than fifty years has been used as S. S. S., which is recognized as the best known blood medicine on the market.

This fine old remedy is still made as of old from roots and herbs of proven medicinal value. In fact, physicians everywhere recognize the wonderful efficiency of these roots, and they are prescribed in some form or other almost daily. And now, after being in constant use for more than half a century, S. S. S. is more popular than ever. It is sold by practically every drug store in the land, and every druggist is well acquainted with its sterling merit, for they have seen its results.

S. S. S. is a very valuable agent in the treatment of Catarrh, Rheumatism, Eczema, Tetters, boils, pimples, skin eruptions, malaria, and other disorders that come from blood impurities.

It is also without an equal as a general tonic and system builder. By its efficacy in cleansing the blood of impurities, it builds up the appetite and gives new life and vigor to the entire body.

You are invited to write for valuable literature and medical advice, which will be sent without cost. Address Chief Medical Adviser, Swift Laboratory, Atlanta.

FREEDOM MEN TO BUILD BIG BRIDGE NEAR FONDY

(Special to Post-Crescent)

Freedom—Peter Nunnhouse of Appleton was a caller here last week. Miss Blanche Nabbertelt, who is employed at Chicago, was called home on account of the serious condition of her sister Viola, who has been suffering with brain fever. Her condition has improved the last few days.

A daughter was born to Mr. and Mrs. Matt Van Dyke.

George Van Denberg, Mike Coffey and Henry Appleton autoed to Appleton Friday.

Mr. and Mrs. Peter Van Dyke of Kaukauna, Mr. and Mrs. Tony Smith and family were guests of Theodore Nabbertelt and family Sunday.

Bert Guertz resigned his position at Combined Locks mill and intends to purchase a farm in the near future.

John Scholl, Martin Weyenberg and John Green autoed to Fond du Lac Friday where they have a contract

to erect a large concrete and steel bridge with a forty-foot span. Dr. Flanagan of Kaukauna, made a professional call here Thursday.

Margaret Van Denberg, daughter of Mr. and Mrs. William Van Denberg, Jr., is suffering with pneumonia.

Miss Adeline Schommer, who spent several weeks at Appleton, returned home Wednesday.

Miss Minnie Van Denberg, who has been employed at the Stark Hotel, resigned her position and is now at home for the summer months.

Mr. and Mrs. John Van Dyke attended the Verhagen-Van Den Heuvel wedding at Little Chute Tuesday.

Mr. and Mrs. John Adrians of Kaukauna, visited with Henry Van Dyke and family Sunday.

Miss Helen Scholl left Tuesday for Milwaukee where she will spend several months visiting relatives.

A number of friends and relatives surprised Mr. and Mrs. Raymond Smith Sunday evening, it being their wedding anniversary. The evening was spent in cards and a dainty lunch was served at midnight.

Mr. and Mrs. John Scholl were pleasantly surprised by a number of relatives and friends Sunday eve-

ningning. Mr. and Mrs. Bernard Schouten and family, Hugh Garvey of Appleton; Mr. and Mrs. John Jansen and son Paul of Little Chute; Mrs. Pat J. Garvey and family, Miss Mable Williamson, William Guertz and Mrs. James Garvey were present. A delicious luncheon was served at the close of the evening.

Miss Frances Liesch and a number of her friends from Appleton spent Friday evening with her parents here.

Dennis Murphy of Milwaukee, called on his aunt, Mrs. James P. Garvey Sunday.

Mr. and Mrs. William Van Denberg and family autoed to Appleton Sunday and were the guests of Mrs. Van Denberg's parents, Mr. and Mrs. Mike Garvey.

Mr. and Mrs. Joseph Segal of Seymour, were the guests of Mrs. John L. McCormick, Mrs. Segal's grandmother.

Mrs. Pat J. Garvey and daughter Catherine spent several days at Little Chute with Mr. and Mrs. John G. Jansen.

Mrs. Ed. Pendergast, son Colon and daughter Olivia of Racine, are spending several weeks with relatives here.

Miss Margaret Randerson of Appleton, spent Sunday with her parents, Mr. and Mrs. Chris. Randerson.

FIRE DEMON TAKES REVENGE ON "NO. 1"

(Special to Post-Crescent)
Dallas, Tex.—"Daddy" Garrett, superintendent of fire and telegraph here, is heart-broken. "Daddy" tied himself to a fire the other day in a high-powered car. In the blaze he saw the twisted ruin of an automobile of ancient vintage. It was "Old Number One," the first auto fire truck in Dallas, that Garrett drove 20 years ago.

DEADLY WEAPON WOULDN'T WORK

(Special to Post-Crescent)
London.—There was no question but what William Turner shot Alfred Amphlett in a fight. But Amphlett said Turner did the work with a pistol, and Turner said it wasn't a pistol, but a toy cannon. Turner brought the cannon to court and the jury had a pleasant half hour trying to make it work. Finally they declared it a dud and turned Turner loose.

Peanuts are the seeds or pods of a plant belonging to the family called the earthnut in Great Britain, the nuts there being used chiefly to fatten swine.

LAWRENCE JOURNALISTS GIVEN CHAPTER IN NATIONAL SORORITY

Reprinted by Courtesy of The Milwaukee Journal.

1. Esther Baldwin. 2. Dorothy Pierce. 3. Ella Benyas. 4. Muriel Kelly.

Zeta Pi, honorary journalistic sorority of Lawrence college, has been granted a chapter in Theta Sigma Phi, national honorary professional journalistic fraternity, as a result of the national convention at Madison last week end. The members of the local sorority are Muriel Kelly, Appleton; Ella Benyas, Appleton; Dorothy Pierce, Appleton, and Esther Baldwin, Escanaba, Mich.

The granting of the chapter to Lawrence college marks the beginning of a policy to grant chapters in the smaller colleges. To the persistence of Zeta Pi belongs the credit for its adoption. Miss Muriel Kelly, delegate of the local sorority, represented Zeta Pi at the business session Saturday morning. Chapters were granted to Columbia university, New York; University of Tennessee; Syracuse university, after which the question of the small colleges was brought up for discussion.

A strong plea for the small colleges was presented by Miss Vina Lindsay of the Kansas City Post, national organizer of the fraternity. She introduced Miss Kelly to talk for Lawrence and the vote which followed was unanimous for Zeta Pi. A chapter was granted to Knox college, Ill., also, in accordance with the new policy.

Installation of the Lawrence chapter will be held here May 23. Miss Garnet Kleven, president of the Beta chapter at the University of Wisconsin, will install. A number of visitors from the Beta chapter are expected.

Zeta Pi was organized in December, 1916, by a small group of Lawrence women interested in journalism. The interest was greatly strengthened by organized effort and aim and each year brought further inspiration to the group. Last year with the entire chapter ready to go into journalistic work, the organization gained new impetus. This year's chapter, although small, has been most active in journalistic lines and the granting of a chapter by Theta Sigma Phi is the mark of its success.

Theta Sigma Phi was founded at the University of Washington, Seattle, April 8, 1909, to bring women journalists together, to confer honor on those distinguishing themselves in journalism, and to do constructive work in bettering conditions for women journalists. It now has chapters in 20 colleges and universities, and a membership of about 1,000, not counting the five granted at the convention. Among its honorary members are Ida M. Tarbell, Zona Gale and Fannie Hurst.

As an honorary and professional journalistic fraternity for women, Theta Sigma Phi picks its members from the most promising women actively engaged in journalistic pursuits. Its policy has been to form a connecting link between undergraduates and the professional field.

DAINTY DANCES GAIN SPEED FOR EASTERN GRID HUSKIES

Problem of Keeping Football Players on Their Toes is Solved by Woman Instructor Who Utilizes Artistic Dances

(Special to Post-Crescent)
Amherst, Mass.—The problem of keeping the linemen up on their toes has been the greatest worry many football coaches have had for years. But at last, coaches of the Massachusetts Aggies think they have the answer.

When the 30 prospective linemen of that school came out for practice a few days ago, they were sent back to the gym for their handkerchiefs. Grumbling and wondering, they went.

When they returned they found Mrs. Mrs. Curry S. Hicks, director of the women's gymnasium of the school, in conversation with the coaches.

"You will be in charge of Mrs. Hicks this afternoon," they were told. And for the two hours that followed the big, clumsy, heavy linemen went through the foolish motions that she gave them.

"What's the answer," they asked. "Trying to teach how to act at a tea dancant?"

"Not at all," said Mrs. Hicks. "Trying to teach you coordination and how to keep on your toes. I had the idea sometime ago that football men would get better results if they were more graceful and that some of my dances would teach football players how to keep on their toes and act swiftly."

They got the idea and now have learned the entire Morris dance. Mrs. Hicks taught them. The dance, which Mrs. Hicks learned while a pupil of Cecil Sharpe, English folk dancer, is especially adapted to the needs of the football men. The particular steps taught the M. A. men call for the use of a handkerchief and is called Landrum Bunches.

Results obtained justify making the folk dancing a regular part of spring training for the series and they will put on an exhibition of what they have learned at commencement.

SOME OTHER KIND OF BISCUIT

Mrs. Pimple Satisfied Cows Were Not Fed on Anything That Was Composed of Milk

One after the other, customers had come to the shop and complained about the milk.

"What I want to know," said Mrs. Pimple, who looked almost as thin as the milk, "is what you feed your cows on?"

"Feed them on?" snapped the dairymaid. "Why, I reckon we feeds them better than a good many human beings. I know feed themselves." This with a chalky stare at the thin customer. "My cows are fed on the fat of the land, and if their fodder ain't up to the mark, we give 'em the finest biscuits we can buy. And if we can't buy the biscuits, we make 'em. I taste at nothing when I wish to please my customers."

"I'm not denying it," declared Mrs.

Pimple, "but I challenge you to contradict me when I declare it ain't milk biscuits you feed 'em on."—London Tit-Bits.

For the purpose of manufacturing Aluminum Waterless Hot Bottles, Flat Irons, and Foot Warmers for automobiles. Will heat without Fire, Gas, or Electricity, to 315 degrees of heat. Non explosive, non poison.

We are also manufacturers of a forge proof ink, in two forms, powdered and liquid. It does away with forgery, embezzlements, and tampering of books. Once on paper it stays for life. It is acid proof and water-proof. It can be spilled on hands and clothing and be removed with ordinary soap and water. For Fountain pen use, it has no equal, because it will not corrode or gum, or clog the point in any way.

We also manufacture liquid wash bluing and mucilage. We have orders on file to the amount of \$20,000 for the various articles.

We are offering \$50,000 worth of stock for sale to the general public for the purpose of carrying on our business. While the official issue is small, our advice to those contemplating buying stock, is don't wait too long, for we believe this issue will be over-subscribed this week.

A hearty and cordial invitation to all is extended to see this wonderful bottle, at our office any time of the day. Office in Olympia Building, next to Continental Clothing Store, rooms 12 and 13.

Appleton, Neenah and Menasha.

Before the first Brunswick Tire was ever built, we analyzed and tested over 200 tires.

Since 1845 the name of Brunswick has stood for superlative values and fair-dealing.

Tires Differ As Policies Differ

Some Remarkable Facts About Brunswicks

THERE is nothing to prevent any maker from producing a super-tire. All formulas, all methods are well known in the industry. A perfect tire is simply a question of care and skill and cost. These facts can be verified by testing 200 types of high-grade tires and analyzing their materials and construction—as the Brunswick laboratories have done.

In a super-tire, such as The Brunswick, there can be nothing exclusive. Because such a tire must be a composite of all that is best. No one feature must overshadow others.

In Brunswick Tires, for instance, we have included that familiar formula, long in use, which makes the best tire tread that's known.

And there's a certain type of fabric which, by test, is stronger than all others. Naturally it is in The Brunswick.

To attain the utmost in tire mileage there are certain reinforcements—certain extras. We have adopted all.

To combat the commonest tire troubles, we have adopted the approved side-wall construction, long tested.

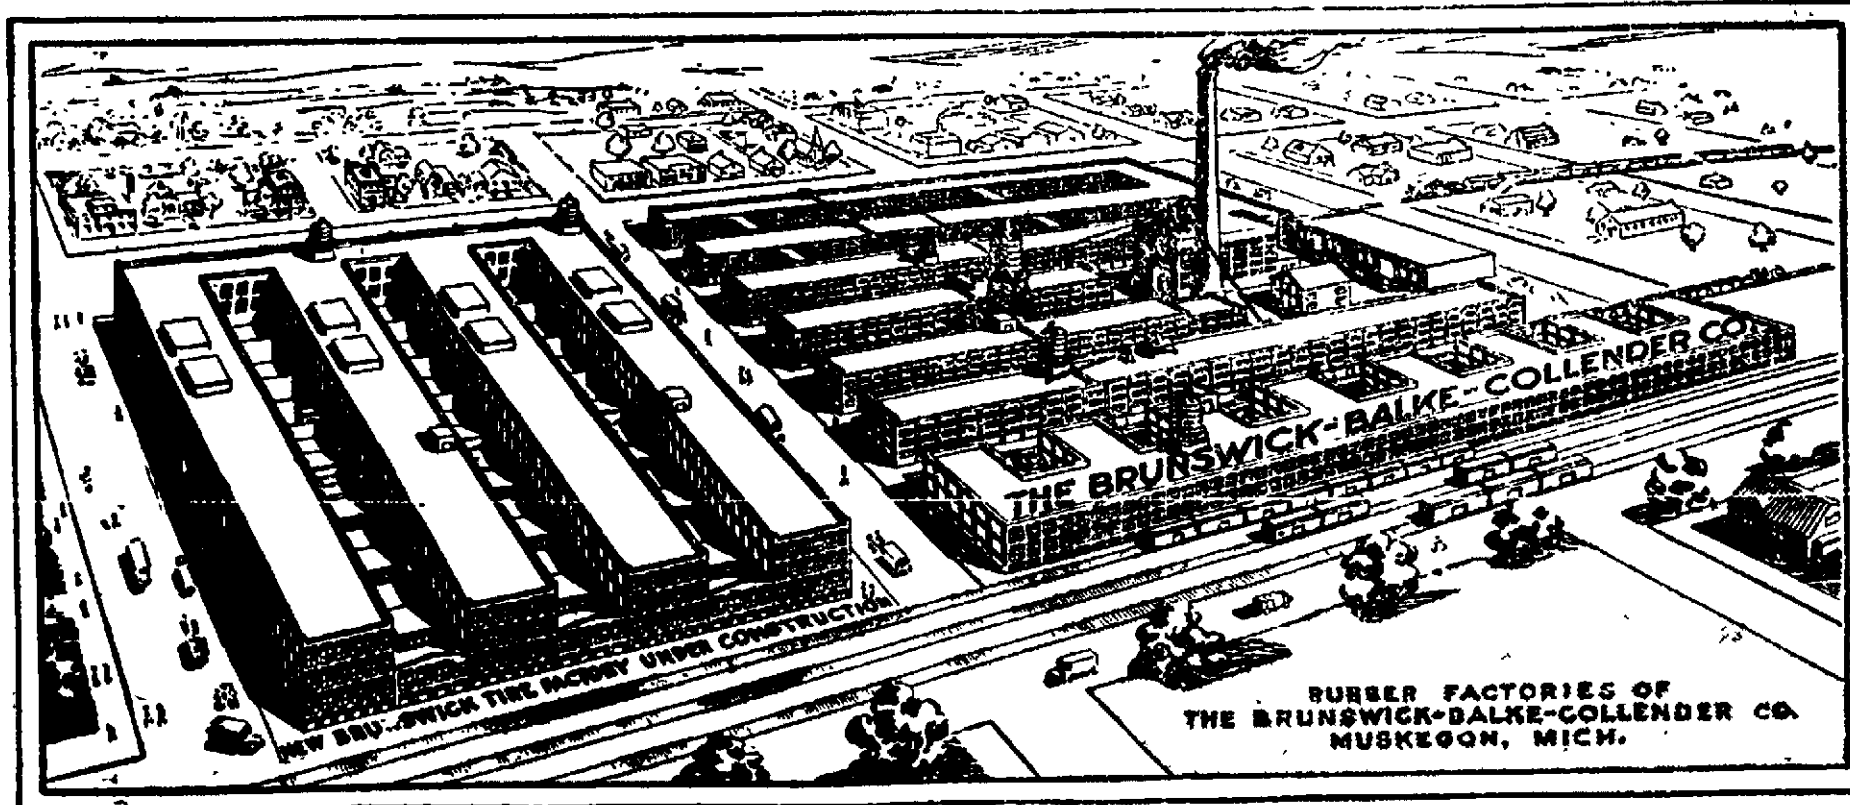

In other words, The Brunswick brings you a combination of superlatives, such as were never possible before.

In attaining a tire worthy of the name of Brunswick we were convinced that it depended chiefly on policies and standards, on prejudices and knowledge. Brunswick Standards are known the world around. For 74 years the House of Brunswick has made only products of the highest grade.

Every Brunswick product has attained and held supremacy. The name always insures superlative values. To build a mediocre tire would be unthinkable for such a concern, jealous of its long-standing reputation.

BRUNSWICK TIRES AND TUBES

*Sold On An Unlimited Mileage
Guarantee Basis*

The Brunswick idea is to give all that is possible, all that anyone can give—all that any factory cost can buy.

The result is a tire that is winning friends the nation over. In The Brunswick motorists expect the utmost—and get it. Never has a tire had greater appeal to the man who appreciates real merit.

Try one Brunswick. See if you agree with others that here is more for your money. One Brunswick, we are certain, will convince you that you'll never be satisfied until you have all Brunswicks.

TWO SINGLES DEFEAT
BREWERS IN THE TENTH

ST. PAUL—Elmer Rapp's single, Williams' sacrifice, followed by a neat single by Dreesen in the tenth inning marked another defeat for the Brewers by the Saints here on Tuesday afternoon by a score of 3 to 2 in ten innings.

The Brewers started out with the real fight and marked up one score in the first inning. Cooney singled and Smith beat out a hit to Williams, going to second on an overthrow, while Cooney went to third. Gainer sent out a long fly to Elmer Miller, Cooney scoring on the sacrifice.

But this was not all the scoring done in the first inning. The Saints in their half at the bat also put one across the plate. Dreesen singled and reached third on a sacrifice and an infield drive. Miller popped one to Cooney, who made a wild throw to Gainer. Dreesen scoring on the over throw, and Miller taking second.

From the first until the first of the fifth was a royal battle. Mostil, second man up in the fifth, singled to right and took second on a grounder by Cooney to Dreesen. Smith singled to center, scoring Mostil for the second run.

MILLERS AGAIN BEAT
KANSAS CITY, 8 TO 6

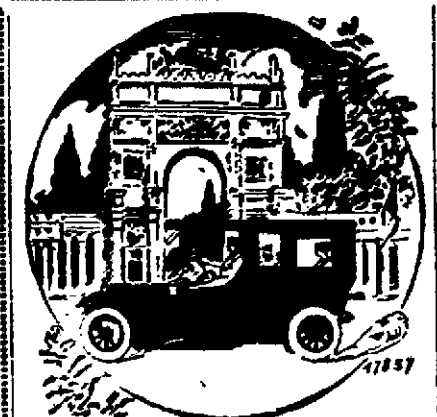

MINNEAPOLIS—Minneapolis battled Evans off the slab in four innings on Tuesday and although Ames, who relieved him, held the home team, Kansas City could not overcome the lead and the Millers won, 8 to 6. A ninth inning rally netted Kansas City three runs, but Brier and Roehs both struck out in the pinch. Score: Kansas City 6, Minneapolis 8.

HENS WHITEWASHED
BY INDIAN CLAY, 6-0

TOLEDO—Betty was effective with men on bases and Indianapolis won the final game of the series with Toledo on Tuesday by a score of 6 to 0. Betty was wild and otherwise ineffective. The victory gave the Indianapolis club an even break in the series. Manager Hendricks of Indianapolis directed play from the coaching lines, his suspension having been lifted by President Hickey. Score: Indianapolis 6, Toledo 0.

GIANTS BUNCH HITS AND
DEFEAT PHILLIES, 5 TO 4

PHILADELPHIA—New York defeated

Watch Us Grow!

Philadelphia on Tuesday, by 5 to 4. New York's hits proved more timely. Lebrun's hitting and his good catch which saved three runs were features. Kauff drew a base on balls each of the four times he faced Casey. Score: New York 5, Philadelphia 4.

REDS REGAIN LEAD BY
WALLOPING CUBS, 5-4

CINCINNATI—The champions broke their losing streak Tuesday by winning a close game from Chicago, 5 to 4, and went back to first place in the national league race. Carter was hit freely in the early innings, tiring weakened in the seventh and the visitors had come within one run of tying the score. The hitting of Seale and the fielding of Hath and Koff were features. Score: Cincinnati 5, Chicago 4.

RED HOSE SLAM CHICAGO
PITCHERS AND WIN, 12-4

ST. LOUIS—St. Louis hammered three Chicago pitchers hard on Tuesday and won, 12 to 4. Kerr and Heath were knocked off the mound. Weiland pitched his first game since taking ill in the middle of last season, and with the exception of two innings was steady throughout. Score: St. Louis 12, Chicago 4.

ATHLETES TAKE FINAL
FROM SENATORS, 6 TO 4

WASHINGTON, D. C.—Timely hitting enabled Philadelphia to add game of the series from Washington on Tuesday, 6 to 4. Perry, pitching for the visitors, was battered hard but received steady support. Score: Philadelphia 6, Washington 4.

TIGERS BEAT INDIANS
FOR SECOND WIN, 2 TO 1

DETROIT—Detroit won its second game of the season by defeating Cleveland on Tuesday, 2 to 1. Both of Detroit's runs came in the ninth inning, when Bush singled, scoring Bush and Voshell. Cleveland scored in the eighth on an error by Bush. Both Myers and Damm pitched excellent ball. Score: Cleveland 1, Detroit 2.

CUBAN SUGAR PRICE
SOARS WITH FIXING
OF PAY BY PALMER

NOBODY TAKES BLAME FOR FAILURE OF EQUALIZATION BOARD TO BUY CUBAN CROP

(By George B. Waters)
(Special to Post-Crescent)
Washington, D. C.—Raw sugar is selling at 13.83 cents per pound on board ship at Cuban ports, President Menocal of that republic has informed Senator McNary, head of a Senate committee investigating sugar prices. This is in contrast with the price of 4 1/2 cents a pound at which the entire Cuban crop of 1919 was offered the Sugar Equalization Board late last summer, and a price of 6 1/3 cents at which it was offered in the fall.

Followed Palmer Action
The tremendous increase in the price of unrefined Cuban sugar followed closely the action of Attorney General Palmer in fixing a price of 17 and 18 cents per pound in Louisiana.

The failure of the Sugar Equalization Board to buy the Cuban crop means that the people have to pay about 10 cents more than they would have paid had the deal gone through. It will mean for the year an increase in the sugar bill of \$500,000,000, or \$9 for every man, woman and child in the United States.

Republicans blame President Wilson for not authorizing the Sugar Equalization Board to buy the Cuban crop. Democrats blame the Republican majority in Congress for not enacting a law continuing the sugar board in time to justify the president in authorizing the board to accept.

Importation Jumps
It is significant, however, that after Attorney General Palmer fixed a high price for Louisiana sugar, there was immediately a great increase in the importation of Cuban sugar to Louisiana, where it was refined. For the first three months of this year 200,000,000 pounds was imported from Cuba to Louisiana, against 250,000,000 pounds for the similar period in 1919, an increase of 70,000,000 pounds. The Louisiana growers, who have refineries, increased their importations for the period from 6,000,000 pounds in 1919 to 146,000,000 in 1920, an increase of 140,000,000 pounds.

Federal Attorney Henry Mooney, New Orleans, said his office kept track of this Cuban sugar and that it was put on the market at the established price for Cuban sugar. But it is admitted at the attorney general's office that after the sugars are refined no one can tell which is which.

SUPERIOR CONFERENCE
ELECTS NEW OFFICERS

Menominee, Mich.—During the sessions of the Superior conference of Augustana synod officers were elected as follows: President, the Rev. A. E. Monell; vice president, the Rev. C. A. Ro-andor; secretary, the Rev. Augustus Nelson; treasurer, George Skogberg, Peavine. Retired ministers were considered. The synod is considering plans to carry on a drive for \$500,000 to be used for this purpose.

EAU CLAIRE'S FIRST
MAYORRESS IS DEAD

Eau Claire, Wis.—Mrs. Mary J. Graham, 94 years old, widow of H. P. Graham, Eau Claire's first mayor is dead here at the home of her daughter, Mrs. George P. Thompson. Besides the daughter, she is survived by a son, Fred H. Graham, also of this city. He served in various positions of trust, including legislative posts, sheriff's office and postmaster being appointed by President Cleveland in 1888 to the latter office.

An uninkable lifeboat equipped with doors that automatically close over its occupants should it upset has been invented in Europe.

Stage

Fanchon, Marco Revue
When Fanchon and Marco appear again at the Appleton Theatre Thursday night, May 6, at the head of their celebrated Revue, "Let's Go!" which comes here by arrangement with Ackerman, Harris and Brown, direct from San Francisco, where it played for ten capacity weeks, it will be with an augmented company of "real favorites."

Nelson and Chain, are funsters who are thoroughly irresistible. Arthur West, a black-face comedian of action who has been a headliner in vaudeville for several years, "Bill" Bowley, Lucille Smith, Phyllis Car-south, Mildred and Mayo, Phil Harris, Muriel Stryker and a host of others will contribute to the general gaiety.

UNION HIGH SCHOOL IS
DISCUSSED IN LEEMAN

Superintendent Meeting Delivers
Talk at Mass Meeting—Former
Leeman Resident is
Dead

(Special to Post-Crescent)
Leeman.—Mrs. Clara Brown returned home this week after spending the winter in Chicago and Appleton. She has had serious trouble with her foot.

The Ladies Aid Society will unit at the church today.

A mass meeting was held at the school house Tuesday evening to obtain information regarding the establishment of a Union High School at Nichols. A. G. Meating, superintendent of schools gave a talk on the improvement of schools.

A number of Mrs. Jennie Greeley's friends surprised her at her home on her birthday April 29.

Clifford Diemel returned home Friday from a Milwaukee hospital. He had both legs placed in a plaster cast. He will have the casts removed in June.

Mrs. E. K. Oleson of Shiocton, a former resident of this vicinity, died at her home of scarlet fever Saturday. The body was taken to the Lesser cemetery.

Mark Fuller is visiting his daughter in Clintonville.

Miss Erna Ames visited relatives in Clintonville from Friday evening until Monday.

Henry Leeman spent Saturday night and Sunday at Mountain and Townsend. He was fishing and brought home one small fish. He said the fish didn't bite good.

FORGOTTEN UNCLE
LEAVES MILLIONS
TO TENDER OF LOCK

FORTUNE GAINED FROM CALIFORNIA GOLD MINING
ITS WAY TO HIMBLE
MARYLAND FAMILY

(Special to Post-Crescent)
Hagerstown, Md.—"Rilly, what in hell'll I do with all that money?" was the way William Shipley, wrinkled, white-haired lock-tender on the C. and O. canal greeted the announcement that he had fallen heir to a huge fortune.

The Shipleys, William and Urella, his wife, have lived all their lives along the banks of the Potomac, in a ramshackle four-room frame house, facing the canal locks.

They have been happy with nothing more exciting than prayer meeting at the Methodist church a "couple mile down the road," and an occasional visit to Hagerstown.

The forgotten Uncle
Their six children will come in for some of this estate which was left them by a forgotten uncle in California, but even Jack, who tends stock for farmers around the neighborhood and who declares he will find plenty of places for the money, was lamenting the loss of a calf that was "worth anyways \$15."

Shipley's story is like a tale from Arabian Nights. He has dim memories of Uncle Tom McCoy who left these parts back in the days of the gold rush to California, when Shipley was a little tacker of some eight or ten years. Nothing more was heard from him.

News Cheers Anniversary
Then on April 12, when Shipley and

his wife were having their 46th wedding anniversary dinner of country sausage and apple pie, along comes Chloe Davis, a cousin, to tell of a letter she had gotten from a California lawyer, announcing that Thomas McCoy, who had never married, had died intestate, worth millions of dollars

and that the heirs in Maryland would receive this fortune.

Shipley himself doesn't know how much he will receive, but his attorneys estimate his share at millions.

Mrs. Shipley says: "Now we can give lots of money to the poor."

Nittleton SHOES

The Composite Model
A Nittleton last that combines style and comfort to a remarkable degree. The Nittleton "Composite" is worn regularly by more men than any other fine shoe in America.

NETTLETON Shoes are economical in the long run whether you are seeking economy or not. "Economy through quality" was first applied to Nittleton Shoes many years ago. And they have never failed to live up to it.

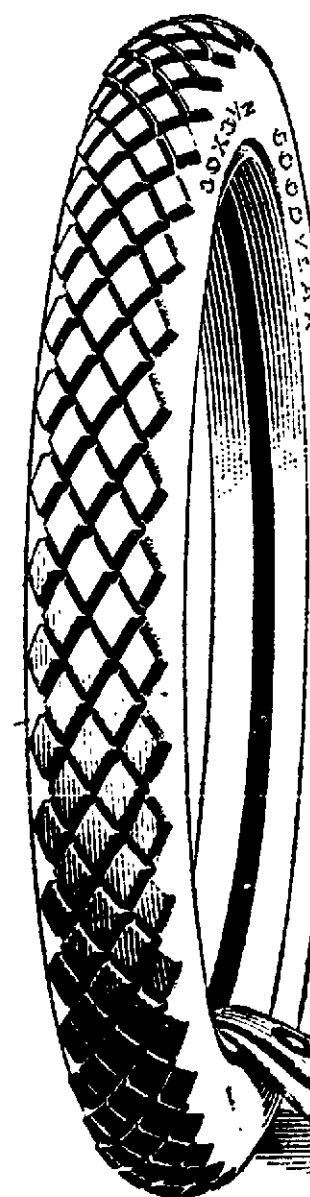

We are now showing Nittleton Styles for Spring and Summer that will delight any person who appreciates fine shoes. You will find it a pleasure to see them.

They have permanent style because the foundations are right. The lasts are right. The materials are right. The workmanship is right.

And we promise you not only good shoes but good service—that is the foundation on which this store is built.

Unusual Value—In Tires
for the Smaller Cars

Not only is characteristic Goodyear merit conspicuous in Goodyear Tires for the smaller cars, but ordinarily the first cost is found to be not greater than that of other tires; often it is actually less.

The combination of unusual value in first cost and very low final cost, of course, is a result of Goodyear experience, expertness and care employed as insistently in the making of 30x3, 30x3 1/2 and 31x4-inch tires as it is in the construction of the famous Goodyear Cord Tires used on the highest-priced automobiles.

For this reason more cars using these sizes were factory-equipped last year with Goodyear Tires than with any other kind.

Get this unusual tire value to enjoy on your Ford, Chevrolet, Dort, Maxwell, or other car using one of these sizes, at the nearest Goodyear Service Station. Get these tires and Goodyear Heavy Tourist Tubes at this station.

30x3 1/2 Goodyear Double-Cure
Fabric, All-Weather Tread \$23.50

30x3 1/2 Goodyear Single-Cure
Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag \$4.50

GOOD YEAR
